

Kayfa-Towers, Storytelling Siege & Wall-Wrestling: Uncle FrizzleBob's **KAYFABIZARRO SIEGE KOMPENDIUM**

A Complete Guide to Building Things & Knocking Them Down (Bonus: Greek Fire Recipe Inside!)

**KAYFABE
LIVES**

**NO
TRESPASSING**

A wall is just an argument made of rocks. A siege is a debate with rocks. Welcome to the history of humanity's favorite bad idea! Grab your scissors, pick a side, and let's break some physics!

OOPS

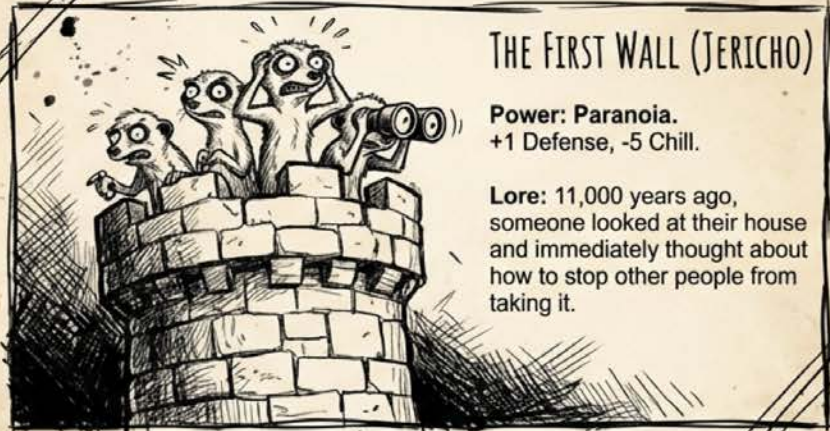

Stay fluffy!

Safety Third!

GW

Georg v. Westphalen

THE ARGUMENT: Foundations & Folly

THE FIRST WALL (JERICHO)

Power: Paranoia.
+1 Defense, -5 Chill.

Lore: 11,000 years ago, someone looked at their house and immediately thought about how to stop other people from taking it.

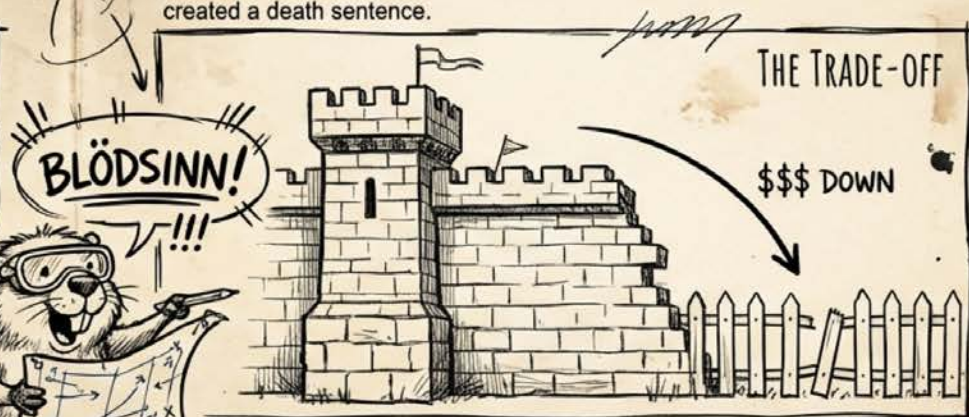

THE WATER SOURCE

Power: Thirst Trap. If you forgot to enclose the well, the siege is already over.
Lore: The city that builds walls without water inside has solved invasion but created a death sentence.

THE BAD LOCATION

Power: High Ground Fail. Enemy gains +2 Gravity Advantage.
Lore: Never build next to the enemy's hill. They will stand on it and mock you.

THE TRADE-OFF

Power: Budget Cut. Swap Height for Length. You cannot have both.
Lore: The perfect wall does not exist. The enemy will find the cheap section.

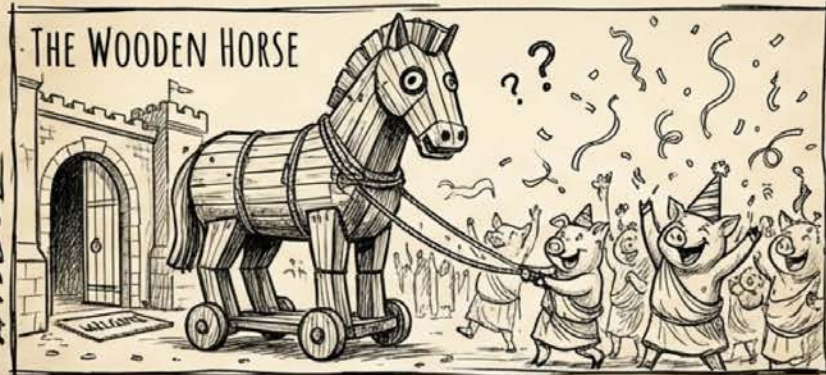

THE TEMPLATE: Troy & The Long Con

Power: Extreme Patience. Force a stalemate until everyone forgets why they are fighting.
Lore: The benchmark for stubbornness. If you haven't waited a decade, are you even trying?

Power: Doom Scroll. You are 100% correct, but nobody listens.
Lore: Cursed with accurate data and zero engagement metrics.

Power: The Bamboozle. Bypasses all physical defense via psychological hack.
Lore: Not a military tactic. A piece of theater so audacious nobody checked the trunk.

Power: Weaponized Generosity. Timeo Danaos et dona ferentes.
Lore: The most dangerous thing in a siege is a free lunch.

HEAVY METAL: Kinetic Solutions

THE BATTERING RAM

Power: Headache. Apply concentrated force until the problem goes away.
Lore: Named after the animal that solves problems by hitting them with its forehead.

THE TESTUDO (TORTOISE)

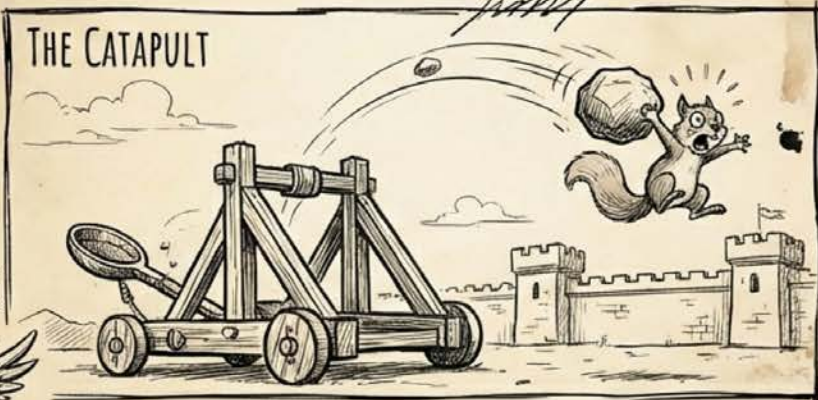

Power: Hard Shell. Immunity to dropping objects (mostly).
Lore: Literal tortoises imitating nature to avoid boiling oil.

THE BALLISTA

Power: Horizontal Hate. Sniper damage against soft targets.
Lore: The Roman answer to "that guy over there specifically."

THE CATAPULT

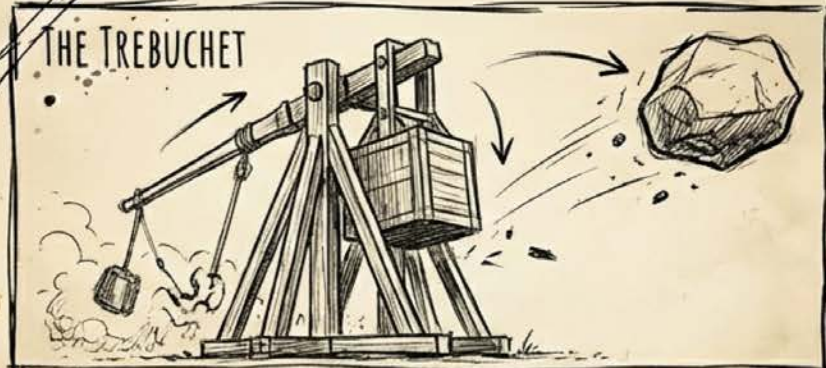

Power: The Lob. Kata-palein (to hurl down). Ignores walls by going over them.
Lore: When you can't go through, go over.

BONK!

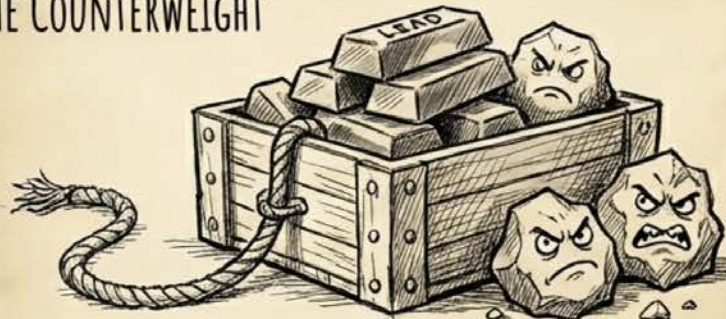

PHYSICS OF OUCH: Gravity & Chemistry

THE TREBUCHET

Power: Superior Engine. Uses Gravity, not tension. Hits harder, throws further.
Lore: The physics of 'Ouch.' Converts potential energy into a very bad day for the wall.

THE COUNTERWEIGHT

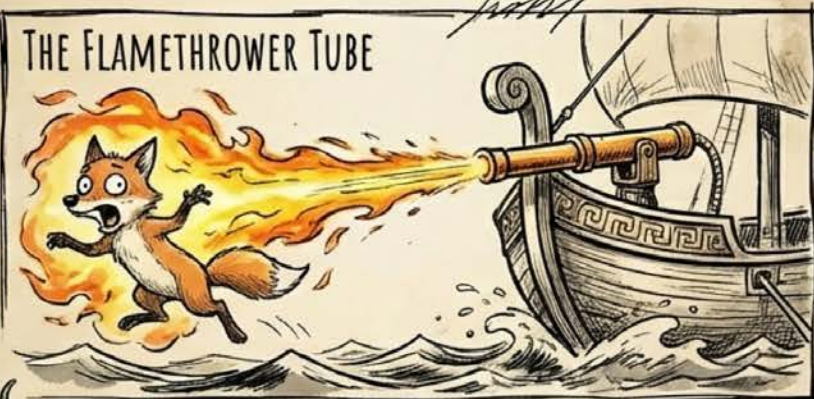

Power: Gravity's Hammer. The heavier the box, the bigger the smash.
Lore: Replaced the muscle power of the crew with the constant pull of the planet.

GREEK FIRE (RECIPE?)

Power: Liquid Nightmare. Burns on water. Cannot be extinguished.
Lore: The formula is lost, but the screaming remains. Naphtha? Quicklime? Magic?

THE FLAMETHROWER TUBE

Power: Byzantine BBQ. Psychological terror + fire damage.
Lore: Ancient technology that shouldn't exist but definitely did.

What the
FLUFF?!

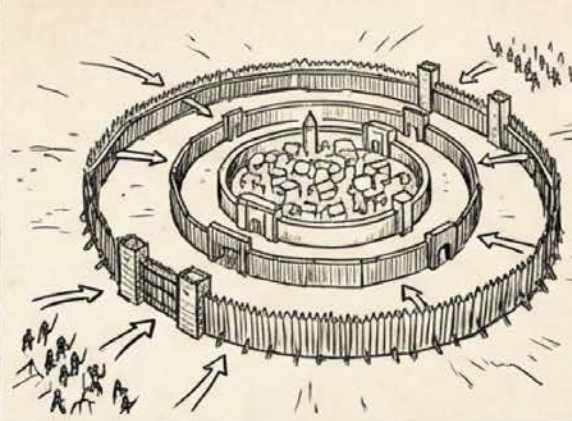

DIGGING & ENCLOSING: The Mole Strategy

THE CIRCUMVALLATION

Power: The Hug.
Passive compression.
No one gets out.

Lore: To build a wall around a wall is to say:
"We aren't attacking,
we're waiting."

THE CONTRAVALLATION

Power: Double Trouble.
Defend against the city
AND the rescue party.

Lore: Being besieged
while you are besieging.
The Caesar Special.

THE MINE

Power: Undermine.
Attacks the foundation,
not the face.

Lore: Dig a hole, support
with wood, burn the
wood, watch the wall
vanish.

THE COUNTER-MINE

Power: Tunnel Brawl.
Intercept the diggers
before the boom.

Lore: Knife fighting in
the dark in a space the
size of a coffin.

HARD TIMES: The Economics of Hunger

THE RATION

Power: Calorie Count.
Mathematical starvation.

Lore: Divide the food by the mouths. If the result is zero, you lose.

THE CENSUS

Power: Inventory.
Humans are now just resource consumers.

Lore: The first act of defense is accounting.

THE EXPULSION

Power: Moral Crisis.
Sacrifice hearts to save stomachs.

Lore: Useless mouths are expelled. The besieger won't feed them either.

KayfaBOGGLE!

THE EMPTY GRANARY

Power: Game Over.
Biology wins.

Lore: The arithmetic of defeat. Walls don't matter if you can't lift your sword.

HOT SHOWERS: Defensive Nastiness

BOILING WATER

Power: The Scald.
Budget defense.
Free and painful.

Lore: Oil is expensive.
Water hurts just fine
and you can drink the
leftovers.

HOT SAND

Power: Armor Melter.
Bypasses plate
defense.

Lore: Sand gets inside
the suit and cooks you
like a baked potato.

QUICKLIME

Power: Chemical Burn.
Reacts with sweat to
dissolve faces.

Lore: The nastiest dust
in history. Do not
inhale.

THE FALLING STONE

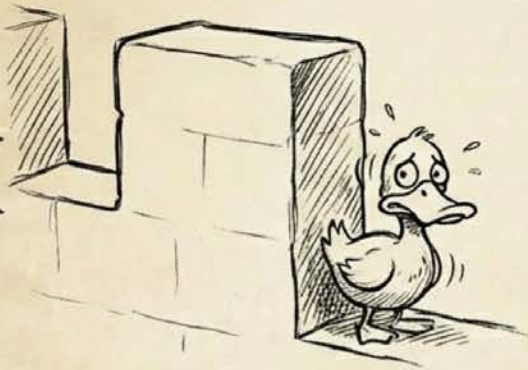

Power: Gravity Assist.
Recycling your own
architecture as ammo.

Lore: When out of
weapons, throw the
castle itself.

Hot stuff!

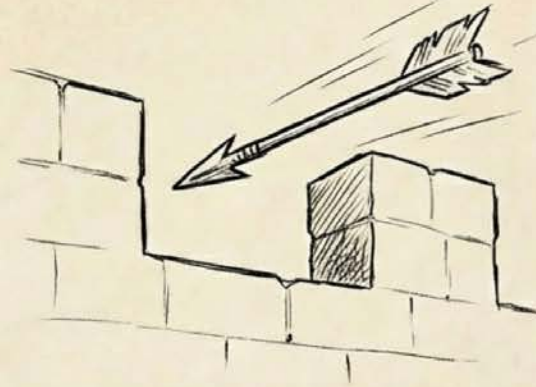

ARCHITECTURE OF FEAR: Geometry of Defense

THE MERLON

Power: Solid Cover.
The bit you stand
behind.

Lore: Not the gap. The
rock. Know the
difference or die.

THE EMBRASURE

Power: Firing Arc.
The bit you shoot
through.

Lore: Designed to
maximize your view
and minimize your
death.

THE ARROW LOOP

Power: One-Way
Mirror. I see you. You
can't hit me.

Lore: The invisible
death slit. Vertical for
bows, cross-shaped for
crossbows.

THE MURDER HOLE

Power: The Drop.
Ceiling trap for
unwanted guests.

Lore: The doorbell
that answers with a
rock.

KayfaBIZARRO!

HIGH GROUND: TOWERS & EGO

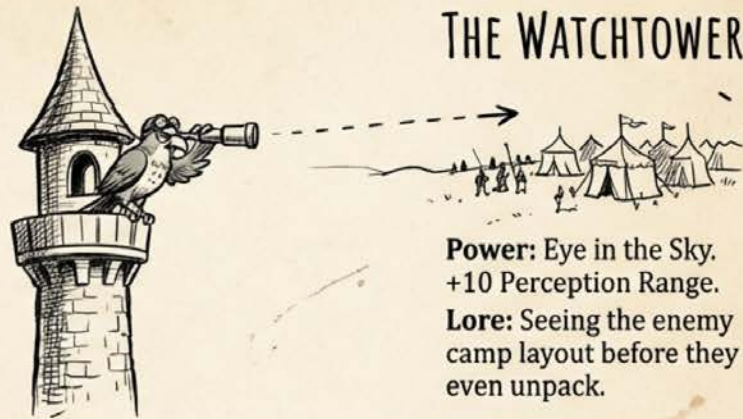

THE KEEP (DONJON)

Power: Panic Room.
The last resort.

Lore: Where the VIPs
hide when the walls fail.
It has its own water.

THE WATCHTOWER

Power: Eye in the Sky.
+10 Perception Range.

Lore: Seeing the enemy
camp layout before they
even unpack.

THE SIEGE TOWER

Power: Rolling Condo.
Inverts height advantage.

Lore: A moving apartment
complex of doom. Requires
a very flat road.

THE BELFRY

Power: Bridge Drop.
The bell tolls for thee.

Lore: When this touches
your wall, the siege
becomes a melee.

Tall
order!

THE WAITING GAME: Biology vs. Politics

THE PLAGUE CORPSE

Power: Bio-Ammo.
Caffa 1346 Style.

Lore: The Mongols catapulted the Black Death into Europe. Tactical and accidental apocalypse.

THE IMPATIENT KING

Power: Bad Command.
Politics ruins strategy.

Lore: "Attack now, I'm bored." The cause of most failed assaults.

DYSENTERY

Power: Camp Killer.
The army dies from its own waste.

Lore: Stationary armies destroy their own environment. The water is now poison.

THE RAT

Power: The Survivor.
The only true winner of the siege.

Lore: While humans starve, the rat thrives.

Wash your hands!

TALKING IT OUT: Lies & Flags

①

THE HERALD

Power: Immunity. Do not shoot the messenger.

Lore: Killing him deletes your WiFi. A universal protocol of war.

②

THE PARLEY

Power: Time Out. Talking while reloading.

Lore: Assessing the enemy's morale while pretending to discuss terms.

③

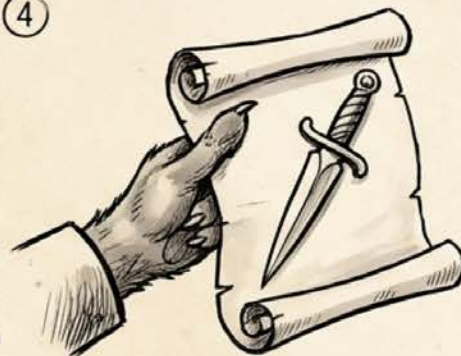

THE WHITE FLAG

Power: Universal Pause. "Can we talk?"

Lore: Works because everyone needs it to work eventually.

④

THE BROKEN TRUCE

Power: Betrayal. Whoops, I lied.

Lore: Ethics are optional when the granary is empty.

Surrender!
Surrender!

← **HUMBUG!**

LEGENDS OF STONE: Constantinople

THE THEODOSIAN WALLS

Power: Triple Threat.
1,000 Years of "No."

Lore: Depth is defense.
You break one wall, there
are two more.

THE GREAT CHAIN

Power: Naval Denial.
No boats allowed.

Lore: Physical DRM
for the ocean.

THE ORBAN BOMBARD

Power: Wall Breaker.
1453 Edition.

Lore: The gun that ended
the Middle Ages. Fire, cool
for an hour, repeat.

THE BREACH

Power: Entry Point.
The argument is over.

Lore: Every wall is a
question. Gunpowder
was the answer.

Crumbled!

STUBBORN ROCKS: Masada

①

THE MESA FORTRESS

Power: Eagle's Nest.
Accessibility: Zero.

Lore: Militarily unbreachable. Logistically isolated.

②

THE ROMAN RAMP

Power: Terraforming.
3 years of moving dirt.

Lore: If you can't climb the wall, raise the ground until you can walk over it.

③

THE EMPTY VICTORY

Power: Denial. You win nothing.

Lore: They built a road for three years to conquer a graveyard.

④

THE LAST STAND

Power: Self-Deletion.
Choosing the exit.

Lore: 960 defenders who refused to give the besieger the satisfaction.

Dry heat!

THE FINAL PUSH: The Assault

①

THE ESCALADE

Power: Ladder Rush.
High risk, high casualties.

Lore: Suicide by climbing.
One man on a ladder vs.
the entire garrison.

②

THE BREACH ASSAULT

Power: Meat Grinder.
The funnel of death.

Lore: Pushing into a gap
where the enemy has
been waiting for you.

③

THE RUBBLE PILE

Power: Difficult Terrain.
-50% Movement Speed.

Lore: The wall is down, but
the ground is fighting you.

④

THE TRAITOR GATE

Power: Backdoor Access.
Bypasses all defense.

Lore: Walls can be impenetrable to force, but they
are permeable to bribery.

Ouch!

THE AFTERMATH: Memory & Dust

①

THE SACK

Power: Loot.
"Recovery of costs."

Lore: If you resist the assault, you pay with your furniture (and your life).

②

THE MERCY

Power: None. Access Denied.

Lore: Mercy is for those who surrender *before* the ram touches the wall.

③

THE REBUILT WALL

Power: New Game. Try again.

Lore: The answer to "The wall failed" is always "Build a better wall."

④

OBLIVION

Power: Amnesia. The city forgets what it sits on.

Lore: The wall becomes the ground. The ground becomes the city. We forget.
