MEET THE COMMITTEE IN YOUR HEAD

They are sitting at the table before you even sit down.

THE EDITOR REFLEX

Power: Veto.
Cancel the last card played. The player must narrate the next turn as this Cat.

Lore: It runs fast and silent.
"This is stupid. This won't work." It murders the idea before it has lungs.

THE CONSENSUS TRAP

Power: Dilution.
Force two players to combine cards into one "safe" idea. Deals 0 damage.

Lore: The idea no one hates is the idea no one loves. We are not here to be polite.

THE CLARITY DEMAND

Power: Fog.
Demand a definition. If the player cannot define their term in 5 words, they skip a turn.

Lore: You want to know exactly what the problem is before you start? Then you will never start.

THE IMPOSTER SYNDROME

Power: Exposure.
Reveal your hand. If your cards are better than your story, lose a turn.

Lore: You are waiting to be found out. Good. The fear keeps you honest.

PERFECTIONISM
IS PARALYSIS

TOUCH THE GAME, BREAK THE FRAME

If the mechanics are comfortable, you aren't playing hard enough.

THE HALF-CARD

Power: Cliffhanger.
Play this hanging off the table edge. The story must address something leaving.

Lore: It is about to fall. Acknowledge the impermanence or lose the table.

THE POST-IT ARTIFACT

Power: Injection.
Write anything on a scrap of paper. It is now a legal card.

Lore: The deck is finite. Your brain is not. Put the actual problem on the table.

THE UNTOUCHABLE

Power: Static.
This card stays on Stage for 2 rounds. Cannot be overwritten.

Lore: You can't dodge it. You can't time it. It is in the room. Now.

THE GHOST SLOT

Power: Tear.
Physically tear a card. The slot is now empty but must be mentioned in every story.

Lore: Some losses do not heal. They become architecture. Work around the hole.

STUTTER STEPS & TONGUE TRAPS

Block the fluency to reveal the structure.

THE UNFINISHED SENTENCE

Power: Handoff.
Stop narration
mid-sentence.
Player to left must
finish it.

Lore: Authorial control is a myth. Let the other mind complete the thought.

THE CAUSALITY BLOCK

Power: Flashframe.
Tell a story with
NO "because" or
"therefore." Only
images.

Lore: Explain nothing. Show the wreckage. Let them build the bridge.

THE RIFF CHAIN

Power: Amplify.
Do not correct the
previous idea.
Make it weirder.
+1 Momentum
Token.

Lore: Consensus kills. Escalation reveals. Don't agree—inflate.

THE EDITOR CHIP

Power: Personify. Place an object on a card. That card is now The Block. Narrate as The Block.

Lore: Don't fight the resistance. Give it a microphone and let it bore us to death.

CHRONOLOGY IS FOR COWARDS

Rewire the timeline. The past is just a draft.

Power: Retrospective.

Everything on Stage is now "The Past." Narrate how we got here.

Lore: The ending is known. The mystery is the path. Honest explanation replaces suspense.

I REMEMBER DIFFERENTLY

Power: Gaslight.

Contradict the last event with a new memory. Both are true.

Lore: History is a wrestling match. The winner writes the wiki.

SKIP THE MIDDLE

Lore: We didn't know what we wanted until we got what we deserved.

USE THE HAMMER AS A PILLOW

The wrong tool is the only way to find a new job.

THE OFF-TABLE ROLL

Power: Chaos. Roll the die off the table. Where it lands defines the outcome.

Lore: Stop thinking in words. Think in vectors. Think in space.

THE EXQUISITE CORPSE

Power: Blind-Build. Play a card face down. Next player narrates blindly. Reveal at end.

Lore: The inexhaustible murmur. Logic is a fence. Jump it.

THE FROTTAGE TEXTURE

Power: Pareidolia. Find an image in the card's texture/stains. That is the story.

Lore: Paranoid-critical thinking. It's not there, but you see it. So it's there.

THE OBLIQUE STRATEGY

Power: Lateral. Draw a random direction. Follow it precisely, even if it hurts.

Lore: The mistake is a hidden intention. Stop correcting. Start steering.

MORALE

THE WEATHER INSIDE

THE COGNITIVE WEATHER

Lore: Describe, don't prescribe. It is raining. You are not the rain.

Lore: The small fish are on the surface. The big ideas swim deep. Shut up and wait.
