

Uncle FrizzleBob's Kayfabizarro Komik Kards

Power Pyramid Plumbing & Global Psyop Wrestling – Expansion Deck 01

PRINT, CUT & PLAY: 56 Artifact Postcards for Epistemic Sabotage.

Cecil's Diamond Trust

POWER: Soft-Power Philanthropy. Extract 3 Wealth from all players; rebrand it as a "Scholarship." Opponents lose 1 Free Will.

LORE: The original architect of soft-power imperialism, buying the world's education to launder resources and rewrite the map in Union Jack red.

Milner's Round Table

POWER: Bureaucratic Necromancy. Spawn 3 NGO Tokens in enemy territories. Regime change occurs in 2 turns.

LORE: The Rhodes-funded kindergarten that realized conquering nations with armies is messy, but conquering them with advisory boards is highly profitable.

The Rothschild Ledger

POWER: Waterloo Whisper. Crash the market, buy all discarded assets for 0 cost, then sip vintage wine.

LORE: They didn't conquer nations; they just let them borrow themselves into submission. War is just high-yield investing.

The Imperial "New Hitler" Cast

POWER: Regime Change Rerun. Label an opponent "Worse Than Hitler." Steal their oil resources immediately.

LORE: The establishment's favorite propaganda starter-pack, deployed whenever a sovereign state gets too uppity about its own natural resources.

The Debt-Leash Ecosystem

"We Don't Print the Money, We Just Decide Who Gets It"

What the
FLUFF?!

The Federal Reserve Spider

POWER: Fiat Alchemy.
Create money from thin air.
All other players' assets
are devalued by 50%.

LORE: A private banking
consortium masquerading as a
government agency, designed to
finance endless wars through
infinite debt-slavery.

BlackRock's Aladdin AI

POWER: Pre-Voting Compliance.
Override an opponent's turn.
Aladdin already simulated their
move and bought the outcome.

LORE: Managing \$21 trillion, this
AI risk-management system doesn't
predict the future—it simply owns
the companies that dictate it.

The Five Star Slush Fund

POWER: Black Project Budget.
Hides 5 Wealth Tokens. They cannot be
taxed, tracked, or audited by the IRS.

LORE: The deepest, darkest rabbit hole
of global finance: an untraceable,
multi-billion-dollar shadow fund used to
finance off-the-books geopolitical
wet work.

The CBDC Leash

POWER: Programmable Tyranny.
If an opponent plays a 'Pres Thought'
card, automatically expire their
funds and geo-fence their token.

LORE: Your money now comes with
an expiration date and a moral
compliance check. Welcome to the
algorithmic company store.

WWI & WWII: The Long Ceasefire

Bringing You Democracy, One Drone Strike at a Time

The 21-Year Gaslight

POWER: Inter-War Inflation. Trigger a Great Depression. Double the cost of all items for the next 3 turns to prepare for the sequel.

LORE: WWI and WWII weren't separate events; they were one massive imperial divorce with a 21-year halftime show designed to bankrupt the peasantry.

Operation Paperclip

POWER: Whitewashed Résumé. Resurrect a discarded "War Criminal" card and play it as a "Valued Scientist."

LORE: America's most successful unethical STEM scholarship program. "Never Again" quickly became "Well... maybe just this once, for the space race."

KayfaBONGO!

D.U.M.B.s (Deep Underground Military Bases)

POWER: Subterranean Escape. When attacked, retreat your assets into a D.U.M.B. Negate all surface damage.

LORE: Vast, Naglev-connected underground complexes funded by missing trillions, waiting for the surface world to finally destroy itself.

NATO "Peacekeepers"

POWER: Defensive Aggression. Bomb a neutral territory. Gain 2 "Humanitarian" points while securing oil pipelines.

LORE: When "spreading democracy" means backing warlords and expanding proxy wars. The peacekeepers wear blue; the contractors wear Rolexes.

The Global Gladio Grid

We Destabilize Because We Care

Reinhard Gehlen, Spymaster

POWER: Cold War Paranoia. Steal an opponent's strategy deck. You literally wrote the manual on postwar espionage.

LORE: The CIA's favorite ex-Nazi. He lost one war, so he decided to start another one that never ends, founding modern intelligence on a bedrock of war crimes.

Operation Gladio

POWER: Strategy of Tension. Trigger a false flag. Blame the player to your left and steal their public support tokens.

LORE: NATO's secret "stay-behind" armies that realized the best way to keep people afraid of communists was to do the terrorism themselves.

USAID's "Infrastructure"

POWER: Color Revolution. Discard 2 "Aid" cards to overthrow the player currently in first place.

LORE: United States Agency for Infrastructure and Interference. Building bridges straight to regime changes and data vacuums.

The Invention Secrecy Act (1951)

POWER: Patent Graveyard. Confiscate an opponent's "Innovation" card. It is now a matter of national security.

LORE: Thousands of world-changing technologies mothballed because free energy is bad for the oil-backed imperial business model.

The Blackmail Economy

Everyone Has a Skeleton; We Have the Master Key

KayfaBIZARRO!

Hoover's Dossier Diplomacy

POWER: Closet Skeleton. Look at an opponent's hand. Force them to discard their best card or you reveal it to the table.

LORE: The original architect of the blackmail state. He ran the FBI like a personal gossip column, ensuring everyone in power owed him their silence.

The Island Honeypot

POWER: Elite Kompromat. Trap a high-level entity card. It now works for you forever due to mutually assured destruction.

LORE: The ultimate intelligence-gathering operation disguised as elite debauchery. The cameras were always rolling, and the client list is the real source of power.

Algorithmic Deepfake Extortion

POWER: Blackmail 2.0. Fabricate a scandal. Opponent must pay a ransom of 3 Wealth or lose their turn.

LORE: In the digital age, truth is optional. Cybercriminals use AI to weaponize your own face against you. The ultimate scalable extortion.

Roy Cohn's Legal Meatgrinder

POWER: Deny & Counter-Attack. When attacked, ignore all rules. Scream louder than the opponent and sue them for damages.

LORE: McCarthy's right-hand man and the maestro of legal intimidation. He wielded blackmail and ruthlessness like a conductor's baton.

HUMBUG!

The Rockefeller Medicine Show

Managing Symptoms is Profitable; Curing Causes is Bad Business

Rockefeller's Oil-to-Pills Pipeline

POWER: Synthetic Monopoly. Ban all "Natural Healing" cards from the game. Players must now pay you every turn for synthetic upgrades.

LORE: The Plesner Report ensured medicine was standardised into a petroleum-based, patentable, and highly profitable industrial extraction machine.

The Pharma Mafia

POWER: Settlement Budget. Ignore all game penalties. Simply pay a small fraction of your profits as a "fine" and continue playing.

LORE: A criminal syndicate with a PR department. Their rap sheet makes the traditional mob look like a scout troop selling cookies.

The SSRI Nation

POWER: Chemical Lobotomy. Numb an opponent's character. They cannot attack, but they continue to consume products.

LORE: Filter out the naturally occurring trace lithium, pharmaceutically demonize it, and replace it with highly addictive, mood-flattening synthetics. Genial.

Project Sunshine / Sea-Spray

POWER: Non-Consensual Field Test. Test a bioweapon on an opponent's city. Gain 1 "Research Data" point. Deny everything.

LORE: Stealing dead babies for radiation tests and spraying bacteria over San Francisco. American science has a long tradition of treating citizens as lab rats.

The Scamdemic Psyop Board

Trust The Science™ (Until It Changes Next Week)

Gain-of-Function Roulette

POWER: Accidental Leak. Roll a die. Unleash a virus. Everyone loses 2 Health, but you receive 5 Funding tokens from the NIH.

LORE: Let's take a nasty virus and supercharge it in a lab with taxpayer money. What could possibly go wrong?

The Scamdemic Board Game

POWER: Lockdown Wealth Transfer. Pause the game for 2 turns. Bankrupt all small players and transfer their assets to Big Tech and Pharma.

LORE: The greatest wealth redistribution in history, achieved by locking everyone inside and gaslighting them into compliance.

The Event 201 Simulation

POWER: Predictive Programming. Play this card before a disaster hits to gain full control of the narrative and media response.

LORE: Running tabletop exercises of global pandemics just months before the real thing drops. It's not a conspiracy; it's just excellent planning!

Turbo Cancer Bonus Card

POWER: Liability Shield. When adverse effects trigger, automatically reclassify them as "anxiety-related." Collect bonus pharma profit.

LORE: When the cure causes unprecedented cellular chaos, the industry doesn't panic—it just patents the new oncology treatments.

The Post-Truth Playground

Because Thinking Was Never Scalable Anyway

Operation Mockingbird

POWER: Narrative Colonization. Control the next 3 cards played by your opponents. They must believe it was their own idea.

LORE: The intelligence infiltration of media, academia, and entertainment. They own the script; you just recite the lines.

AI Cognitive Warfare

POWER: Algorithmic Gaslighting. Cancel an opponent's truth claim by labelling it "Disinformation." Lower their social standing to zero.

LORE: Welcome to the era of Algorithmic Authenticity™. The 5th-gen battlefield is your brainstem, and independent thought is highly suspicious.

Mass Formation Psychosis

POWER: Herd Immunity (to Logic). Hypnotize the player base. For 2 turns, all players must attack whoever refuses to conform.

LORE: A society mesmerized into submission by fear, isolation, and collective delusion. The new state religion demands absolute faith in The Narrative.

The Twitter Files Drop

POWER: Whistleblower Drama. Reveal all hidden censorship cards. Chaos ensues, but nothing fundamentally changes.

LORE: Silicon Valley exposed as a digital Hunger Games where the government slid into the DMs to quarantine wrongthink like it had smallpox.

Stay fluffy!

The Silicon Gulag

If You Have Nothing To Hide, You Aren't Being Creative Enough

CARD 1

Transhumanist Neuralink

POWER: Firmware Update. Hack an opponent's character. You now control their moves, and their emotions are downgraded to firmware.

LORE: The billionaire wet dream: escape death, merge with the machine, and turn the peasantry into cloud-connected meat-routers.

CARD 2

Smart Dust Panopticon

POWER: Ubiquitous Surveillance. Look at everyone's hand. You know everything, everywhere, all at once.

LORE: Microscopic sensors scattered in the air, food, and your local climate festival. It self-organizes and reports back to whoever holds the DARPA contract.

CARD 3

5G & Blue Light Grids

POWER: Cognitive Disruption. Opponents cannot strategize or sleep. They must play their next turn randomly.

LORE: It irradiates you like a side of beef and stops you from thinking clearly. But hey, your TikTok loads instantly!

CARD 4

Social Credit ESG Score

POWER: Algorithmic Exile. If an opponent acts aggressively, drop their ESG score. They can no longer buy, sell, or travel.

LORE: A Trojan horse for technofascist caste systems. Your compliance is mathematically graded; your freedom is a revocable privilege.

KayfaBINGO!

Corporate Technocracy

You Will Own Nothing, and We Will Own You

CARD 1

Klaus the Sleep Paralysis Demon

POWER: The Great Reset. Wipe the board of all middle-class assets. Transfer all property to the World Economic Forum.

LORE: The marketing puppet for the global elite. He wants you to own nothing, eat the bugs, and thank him for the privilege of your digital serfdom.

CARD 2

15-Minute Climate Lockdowns

POWER: Geofencing. Restrict all players to their home quadrant. Traveling incurs a massive carbon tax penalty.

LORE: Because pandemic tyranny was so fun, they rebranded it as a climate emergency. Welcome to your eco-friendly open-air prison.

CARD 3

The WHO Treaty

POWER: Global Health Sovereignty. Override all national laws. You now dictate health policy for the entire table.

LORE: Unelected bureaucrats demanding permanent emergency powers to manage the very crises they helped fund and create.

CARD 4

"Controlled" Opposition

POWER: False Choice. Create a fake resistance movement. Absorb all rebel energy and steer it into a harmless cul-de-sac.

LORE: The influencer-to-psyop pipeline. They monetize your fear, sell you merch, and feed you right back into the Matrix loop.

The Holy Oligarchs

Divine Inspiration Meets Clandestine Operations

CARD 1

The Black Nobility

POWER: Ecclesiastical Aristocracy. Control global events from behind closed doors. Immune to all democratic actions.

LORE: The OG Roman powerhouses who never accepted the end of feudalism. God's oligarchs in Prada, pulling strings for centuries.

CARD 2

The Jesuit Deep State

POWER: Holy Espionage. Infiltrate an opponent's deck. Adapt to their strategy and slowly consume them from the inside.

LORE: Accused of being the spiritual backbone of the clandestine cabal. When you're a 500-year-old secret society, why not aim for world domination?

CARD 3

Vatican Secret Archives

POWER: Suppressed History. Hide 3 artifact cards in the vault. They cannot be targeted or destroyed by any player.

LORE: Fifty miles of shelving biding everything from Galileo's trial to correspondence with dictators. God's filing cabinet of controversy.

CARD 4

Nephilim Mitres

POWER: Alien Ancestry. Reveal your true bloodline. Intimidate all human players and take an extra turn.

LORE: Conspiracy theorists claim the Pope's tall hat isn't just tradition—it's a cranial cozy for genetically mutated, alien-hybrid skulls.

Interdimensional Bureaucracy

As Above, So Below (Redacted by the CIA)

What the
FLUFF?!

CARD 1

The Book of Enoch

POWER: Cosmic Rebellion. Summon the Watchers. Disrupt the entire game board with an apocalyptic flood event.

LORE: The ancient text too edgy for the Bible. A divine soap opera of fallen angels, giants, and cosmic justice that the church tried to bury.

CARD 2

The Akashic Records

POWER: Metaphysical Download. Look through the entire deck. Take any card you desire. You now possess ultimate cosmic intel.

LORE: Heaven's cloud storage system. The mystical Wikipedia of all human consciousness, long before AI scraped your data.

CARD 3

Suppressed Wizards (Tesla/Schauberger)

POWER: Free Energy. Generate unlimited resources. The player holding the "Federal Reserve" card immediately attacks you.

LORE: Geniuses who bent time, space, and etheric fields. Their tech could have freed humanity, so it was buried in black-budget vaults.

CARD 4

CIA Gateway Process

POWER: Government-Approved Astral Projection. Spy on any opponent's hand without them knowing. Bypass all physical defenses.

LORE: When Langley greenlit binaural beats to map the cosmos. Remote viewing and space-time escape, funded by your tax dollars.

KayfaBIZARRO!

The Fringe & The Frontlines

History is Written by the Victors, but Concealed by the Spooks

CARD 1

Operation Highjump

POWER: Antarctic Anomaly. Retreat to the Inner Earth. You are immune to all attacks for 3 turns.

LORE: Admiral Byrd went South and found more than penguins. A mysterious military expedition that resulted in a global treaty to never poke the ice wall again.

CARD 2

The Magenta UFO (1933)

POWER: Reverse Engineering. Acquire alien tech. Skip 5 turns of technological advancement and instantly dominate the board.

LORE: Mussolini recovered it. The Vatican hid it. The OSS stole it. The spark that ignited the 20th century's black-budget aerospace supremacy.

CARD 3

Geoengineering & The Dimming

POWER: Aerosolized Ethics. Alter the weather. Destroy an opponent's agricultural resources and block their solar energy.

LORE: 200+ patents for weather modification, but if you look up and notice the grid patterns in the sky, you're just a crazy conspiracy theorist.

CARD 4

Water-Air UAPs (USOs)

POWER: Trans-Medium Travel. Ignore all terrain restrictions. Move anywhere on the board instantly.

LORE: Aquatic anomalies that laugh at your physics textbooks. The military sees them every day, but officially, they are just "weather balloons in the ocean."

GW

Georg v. Westphalen

EPISTEMIC SABOTAGE

Mockery is the Last Legal Weapon of Mass Awakening

KayfaBONGO!

CARD 1

FrizzleBob's Freedom Bathrobe

POWER: Comfortable Defiance. Ignore all elite mandates. You cannot be locked down, censored, or psyoped while wearing the bathrobe.

LORE: In this house, we don't obey in our underwear. We resist in our bathrobes with tea, encrypted memes, and unrelenting sarcasm.

CARD 2

Deep State Streetwear

POWER: Subversive Fashion. Wear your enemy's secrets. Opponents lose 1 Morale whenever they look at you.

LORE: Wearing the names of classified, horrific black ops as trendy streetwear. If they won't declassify history, we will monetize it ironically.

CARD 3

The Satire Sanity Shield

POWER: Nihilistic Joy. Deflect any psychological attack. Turn an opponent's fear-mongering into a hilarious joke.

LORE: When everything is fake and the world is run by psychopaths, laughter isn't just a coping mechanism—it's mental armor against mass formation.

CARD 4

The Analog Anarchist (Wildcard)

POWER: Unplug the Matrix. Cancel all digital rules. For the rest of the game, players must resolve disputes by throwing actual dice.

LORE: If it looks designed or corporate, damage it. Real power is tactile, messy, and unplugged from the algorithm. Stay fluffy, stay free.
