What the FLUFF?!

Kay GW  
Georg v. Westphalen

Cartography Sidequest

LORE: Go everywhere on the map. Prove to the machine that you have surveyed every inch of your own cage.

POWER: Weaponized FOMO — Target opponent must skip their next turn to draw cards they are not allowed to look at.

Level Goal

LORE: Reach the end of the level. Your reward is a slightly harder level.

POWER: Goalpost Shift — Move target opponent's victory token back three spaces.

The Maze

LORE: Find an exit to the level. Spoilers: there is no outside.

POWER: Cognitive Loop — Force opponent to shuffle their hand into their deck and redraw the same number minus one.

It's All Upstairs From Here

LORE: Ascend to the top of a tower to fight a guy who could have just met you in the lobby.

POWER: False Summit — Cancel an opponent's action just as it resolves.

Run or Die

LORE: Go that way and don't stop. The illusion of choice, accelerated.

POWER: Panic Attack — Opponent must play their next card in 3 seconds or discard it.

(Micro-text in Special Elite)

Rise to the Challenge

LORE: Climb up until you reach safety. Gravity is now a microtransaction.

POWER: Rising Sludge — Discard the bottom three cards of everyone's deck.

"KayfaBINGO!" in Special Elite

Escape Sequence

LORE: Run away from danger until you reach safety. Safety is a cutscene.

POWER: Scripted Collapse — Destroy all resource cards currently in play. Everyone starts running.

(KayfaBINGO! in Special Elite)

Broken Bridge

LORE: You cannot pass until the developers finish coding the next zone.

POWER: Arbitrary Roadblock — Target opponent cannot attack or advance until they sacrifice a high-value card.

GW Georg v. Westphalen

Boss Battle

LORE: Defeat a challenging monster who exists solely to gatekeep your dopamine.

LORE: Defeat a challenging monster who exists solely to gatekeep your dopamine.

POWER: Sponge Mechanics — Absorb the next 3 attacks directed at you.

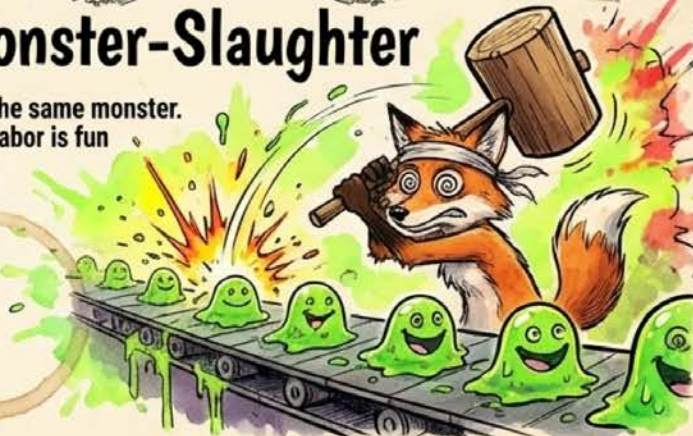

KayfaBONGO!

Mass Monster-Slaughter

LORE: Kill many of the same monster. Because repetitive labor is fun when it's violent!

LORE: Kill many of the same monster. Because repetitive labor is fun when it's violent!

POWER: Grindset — Play the same low-level attack three times in a row for triple damage.

KayfaBONGO!

Kill Enemies to Open

LORE: Kill all the monsters in an area. You're the dork janitor of death.

LORE: Kill all the monsters in an area. You are the janitor of death.

POWER: Blood Lock — Opponent cannot draw new cards until they destroy one of their own items.

KayfaBONGO!

20 Bear Asses

LORE: Retrieve Random Drops for an NPC. The pinnacle of heroic fetch quests.

POWER: Macabre Fetch — Steal a random resource card from an opponent.

Gotta Kill Them All

LORE: Kill everyone on a list of targets. A psychopath's grocery run.

POWER:
Hitlist — Target a specific card in an opponent's deck. If drawn, it is instantly destroyed.

Kill Streak

LORE: Kill as many enemies as you can without getting hit. Perfect for your anxiety!

POWER:
Momentum — For every card you played last turn, draw an extra card this turn.

Player Versus Environment

LORE: Defeat the computer who is controlling the game against you. The house always wins.

POWER: System Update — Change the current rules of the game randomly for one round.

Player Versus Player

LORE: Defeat another player who is likewise trying to defeat you. Keep the plebs fighting each other.

POWER: Divide and Conquer — Force two opponents to discard a card of each other's choosing.

Stay fluffy!

Escort Mission

LORE: Help a weaker ally navigate a dangerous area. The ultimate test of your patience.

POWER: Suicidal AI — Attach this to an opponent. They must spend one action per turn protecting it, or lose 5 points.

What the FLUFF?!

Gotta Rescue Them All

LORE: Save all the allies in distress. A hoarding pathology disguised as altruism.

POWER: Guilt Trip — Opponent cannot play attack cards while you have fewer cards in your hand.

What the FLUFF?!

What the FLUFF?!

Hold the Line

LORE: Survive by not letting the enemy win. Stand in this circle until we say you can leave.

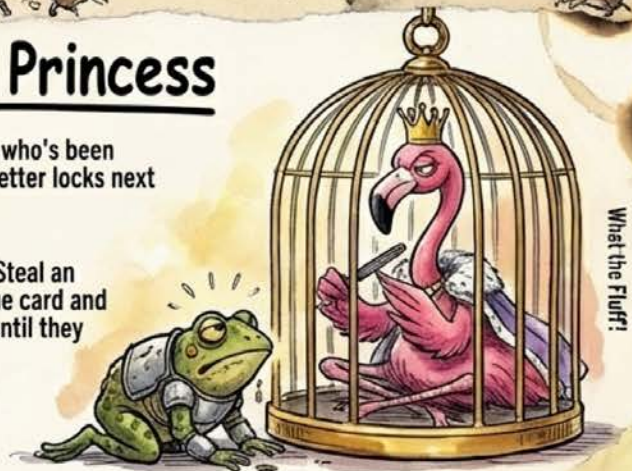

POWER: Attrition — Neither you nor your opponent can draw new cards for 2 turns.

Save the Princess

LORE: Rescue someone who's been kidnapped. Again. Try better locks next time.

POWER: Damsel Tax — Steal an opponent's highest-value card and hide it under this card until they defeat it.

What the Fluff?!

Fetch Quest

LORE: Retrieve one or more Plot Coupons for an NPC. You are an intern with a sword. (Patrick Hand)
POWER: Busywork — Opponent must discard two cards to draw one card. (Patrick Hand)

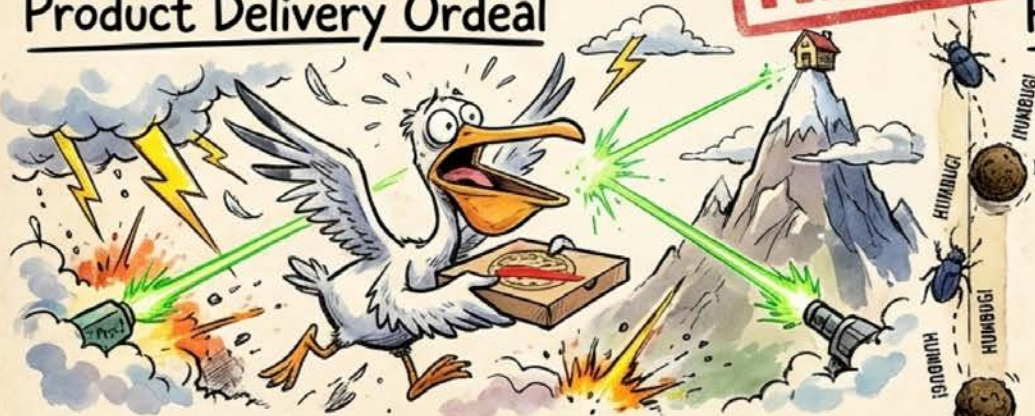

Chain of Deals

LORE: Trade items for items until finally obtaining the one you want. Bureaucracy as gameplay. (Patrick Hand)
POWER: Red Tape — Swap hands with an opponent, then randomly swap one card back. (Patrick Hand)

REJECTED

Product Delivery Ordeal

LORE: Overcome obstacles to deliver Plot Coupons to an NPC. Postmates, but with dragons. (Patrick Hand)
POWER: Fragile Cargo — Your next attack deals double damage, but if you take any damage before your next turn, you lose a turn. (Patrick Hand)

Plot Coupons

LORE: Collect three ancient artifacts to open the door. The narrative equivalent of a punch card. (Patrick Hand)
POWER: Gatekeeper — Opponent cannot play their strongest card until they play three weak cards first.

Gotta Catch Them All

LORE: Collect all the items or Live Items. Turning wildlife preservation into a hostage situation.

POWER: Compulsive Capture — Take control of an opponent's weakest card permanently.

KayfaBOGGLE!

Herding Mission

LORE: Herd animals into an area. Because AI pathfinding is a joke we play on you.

POWER: Pathing Error — Opponent's cards are played on the wrong targets this turn.

KayfaBOGGLE!

NPC Round-Up Mission

LORE: Gather a group of NPCs together. Wrangling digital toddlers.

POWER: Cat Herding — Opponent must reveal their hand and shuffle it back into their deck.

KayfaBOGGLE!

Live Items

LORE: Stuffing living creatures into your infinite pocket. Don't think about the ethics.

POWER: Inventory Bite — Discard a resource. It bites you; take 1 damage.

KayfaBOGGLE!

Companion-Specific Sidequest

LORE: Earn your ally's favor. Friendship is transactional.

POWER: Bribed Loyalty — Sacrifice an item card to draw two extra cards.

KayfaBIZARRO!

Loyalty Mission

LORE: Complete your ally's personal goal so they don't betray you at the finale.

POWER: Trauma Dump — Opponent must skip their turn to listen to your backstory.

KayfaBIZARRO!

Romance Sidequest

LORE: Earn your ally's love. Select dialogue option C to receive affection.

POWER: Simulated Love — Force an opponent's card to fight for you for one round.

KayfaBIZARRO!

Cosmetic Award

LORE: A shiny hat to validate your hundred hours of meaningless grinding.

POWER: Shiny Distraction — Negate all damage this turn, but your cards look absolutely ridiculous.

KayfaBIZARRO!

Stock Video Game Puzzle

LORE: Solve a puzzle. Because the ancient architect loved pushing ice blocks around.
POWER: Sliding Blocks — Rearrange the order of the top 5 cards of any deck.

Mini-Game

LORE: Play a smaller game with its own rules. Pacing is a myth.
POWER: Distraction Game — Both players must roll a die; highest roll steals a card from the lowest.

Variable Player Goals

LORE: Why save the world when you could be taking photos of frogs?
POWER: Goal Fragmentation — Change the win condition of the game for 2 turns.

Instant-Win Condition

LORE: Reaching the most important objective. Press X to end the simulation.
POWER: Deus Ex Machina — If you hold this card for 5 consecutive turns without playing it, you win the game.

100% Completion

9,999/10,000

F

LORE: Don't miss any optional objectives. Your digital grave requires all the shiny trinkets.
POWER: Sunk Cost Fallacy — Opponent cannot win unless their hand is completely empty.

Gameplay Grading

A+

LORE: Play the game as well as possible. The machine judges your worth.
POWER: Harsh Grading — If opponent's attack doesn't defeat a card instantly, the attack is negated.

Secret Ending

LORE: Collect all 500 hidden rocks to learn the true, disappointing lore.
POWER: Lore Dump — Reveal your entire hand to the opponent; if you have a pair, double your attack points.

Bragging Rights Reward

A+

LORE: An achievement for your profile that literally nobody else cares about.
POWER: Hollow Victory — Gain 10 points, but you cannot attack on your next turn.

Challenge Run

LORE: Complete the game with optional restrictions. Because normal misery wasn't enough.
POWER: Self-Sabotage — Play with your hand facing outward to the opponent, but your attacks do +2 damage.

No Item Use for You

LORE: Don't use your items. Hoard the mega-elixirs until the credits roll.
POWER: Elixir Hoarder — Opponent cannot use item cards for 3 turns.

"HUMBUG!" in Special Elite

Self-Imposed Challenge

LORE: Completes the game with your own restrictions. Stockholm Syndrome: Expert Edition.
POWER: Blindfolded — Draw cards blindly from the bottom of your deck.

No-Gear Level

LORE: Don't use weapons or equipment. A sudden, arbitrary strip search by the developers.
POWER: Confiscated Inventory — All players must discard their currently equipped items.

"HUMBUG!" in Special Elite

Speedrun

LORE: Complete objectives as quickly as possible. Skip the story, break the physics.

POWER: Sequence Break — Skip your opponent's next turn.

No-Damage Run

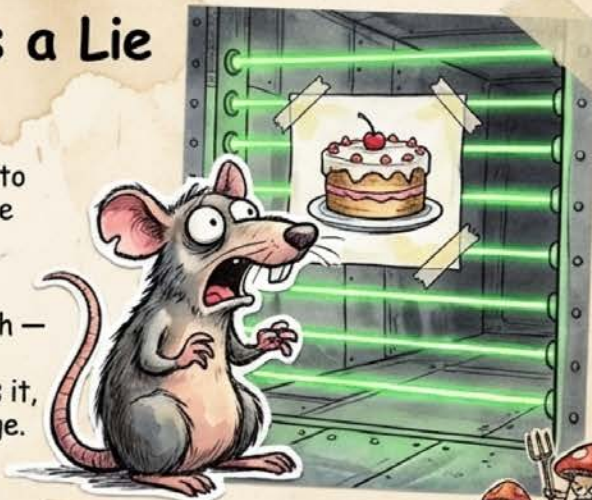

LORE: Don't get hurt. One microscopic pixel of a hitbox ruins five hours of work.

POWER: Glass Cannon — If you take any damage, discard your entire hand.

The Cake is a Lie

LORE: Your real goal is to destroy the facility. The reward was bait.

POWER: Bait and Switch —
Play a card face down.
When opponent attacks it,
it explodes for 3 damage.

What the FLUFF??!

Princess in Another Castle

LORE: Finding and saving the princess. Except your reward is a fungal hallucination.

POWER: Moved Goalpost —
Move an opponent's
target to a different card
just as they attack.

What the FLUFF??!

Collect 12 Logs

LORE: Goals players become
too dependent on, forgetting
how to actually play.

POWER: Tunnel Vision —
Opponent can only play
resource cards this turn;
no attacks.

100 Babies

LORE: Players can set their
own goals, such as having 100
babies. You are the architect
of your own hell.

POWER: Swarm Mechanics —
Fill your opponent's hand
with useless 0-point cards.

Scoring Points

LORE: Completing an objective to watch a digital integer increase. Dopamine achieved.
POWER: High Score — Gain 100 meaningless points. They do nothing, but you feel great.

BURN IT DOWN!

Gold Sink

LORE: A mechanic designed purely to delete the wealth you spent 40 hours accumulating.
POWER: Inflation — All cards cost double to play this turn.

Stay fluffy!

NO MORE CHEESE!

FLUFFY LIBERATION FRONT!

BURN IT DOWN!

Experience Grind

LORE: Repeat the same action until the bar is full. Welcome to middle management.
POWER: Level Up — Discard 5 cards to increase your base attack by 1.

BURN IT DOWN!

Hero Must Survive

LORE: Don't allow a specific character to be killed. Good thing you're not the hero.
POWER: Game Over — Flip the table. (Or, in gameplay: End the match immediately)
