

Monopolies, Manipulation & Murder (2/2)

Uncle FrizzleBob's
Kayfabizarro Komik Kards
for Human Kayfabulations
& Elite Power-Wrestling

Phase I: Foundations of Fraud

The base set of the illusion. He who prints the paper, owns the board.

The Riksbank (1668)

POWER: Play to establish a Central Bank monopoly. Opponents must trade physical gold for paper promises.

LORE: The first institution to monopolize the creation of official domestic currency.

HUMBUG!

Bank of England (1694)

POWER: Generate infinite liquidity out of nothing.

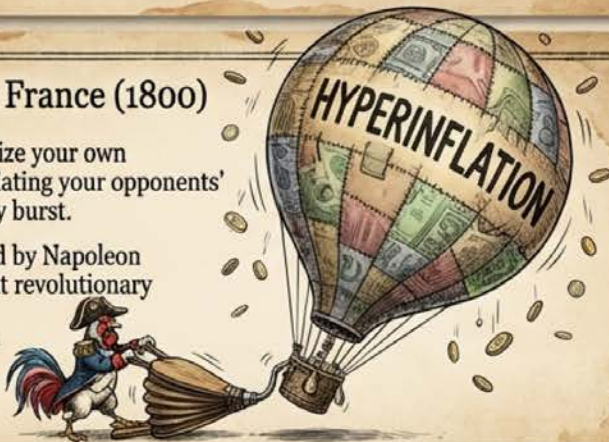

LORE: The blueprint for global financial control, turning sovereign debt into private profit.

Banque de France (1800)

POWER: Stabilize your own currency by inflating your opponents' assets until they burst.

LORE: Founded by Napoleon to fight rampant revolutionary inflation by centralizing the money supply.

Federal Reserve Act (1913)

POWER: Shift the game from national control to global market consolidation.

LORE: The paradigm shift. The true empire runs on contracts and liabilities, not standing armies.

Phase 2: The Debt Engine

Crowdfunding our own demise through the magic of compound interest.

The Fiat Flood

POWER: Devalue all active currency tokens on the board.

LORE: The era of unbacked fiat money requires constant inflation to sustain the illusion.

Government Bonds (The Crowdfund)

POWER: Trick opponents into lending you capital for negative real returns.

LORE: A form of state crowdfunding where the notoriously broke government sells IOUs to its own citizens.

What the
FLUFF??

The German Debt Clock

POWER: Apply a permanent debt-drain to one player. It will take until the year 2232 to clear.

LORE: States are bankrupt. They have zero realistic chance of ever paying off their central bank masters.

The Taxation Illusion

POWER: Extract wealth from players via subsidies and eco-indulgences.

LORE: Your taxes don't fund the government; they just maintain the illusion that the money printer isn't running.

Phase 3: Architects of Empire

Meet the puppet masters who fund both sides of the board.

J.P. Morgan's Magnet

POWER: Trigger a financial panic to consolidate all remaining wealth tokens.

LORE: Hailed as a savior for fixing the 1907 crisis he allegedly helped engineer to secure his monopoly.

The Pujo Committee Kabuki

POWER: Nullify any Regulatory Investigation card played against you.

LORE: The 1912 congressional hearings merely paved the way for the creation of the Federal Reserve.

Hjalmar Schacht (The Hyena)

POWER: Markets love totalitarian regimes. Gain double resources from authoritarian players.

LORE: Hitler's Banker and founding member of the BIS expert commission. Capital has no morals.

Union Banking Corp.

POWER: Secretly fund your opponent's enemies for future leverage.

LORE: Wall Street elites, including Prescott Bush, collaborated with Fritz Thyssen to finance the fascist war machine.

Phase 4: The Supranational Octopus

Global Governance: Controlling thoughts instead of enslaving bodies.

The BIS (Basel Tower)

POWER: The ultimate command center. Override any national banking rule in play.

LORE: The Bank for International Settlements (1930). The oldest, most powerful, and least accountable financial organization on Earth.

The IMF (Loan Shark)

POWER: Rescue a bankrupt player, but take permanent control of their infrastructure.

LORE: Born at Bretton Woods (1944) to ensure the US Dollar became the undisputed global reserve currency.

The World Bank

POWER: Issue development loans that can never be fully repaid.

LORE: Funneling wealth from the Global South into the coffers of a few elite families.

The UN / League of Nations

POWER: Disguise aggressive financial expansion as peacekeeping.

LORE: Pluralism simulation. The decorative facade of international diplomacy masking corporate empire.

Phase 5: Blood as a Business Model

War is just a highly kinetic form of debt creation.

Liberty Loans

POWER: Convert civilian wealth directly into military debt.

LORE: The Federal Reserve financed the bloodshed of WWI to enable the full internationalization of the central bank system.

The Versailles Truce

POWER: Pause conflict, but double the cost of the next war.

LORE: Not a peace treaty, but an armistice for twenty years. - Ferdinand Foch, accurately predicting the cartel's next harvest.

Swiss Vault Neutrality

POWER: Store illicit wealth with absolute impunity. Immune to audits.

LORE: Hoarding dictator wealth and stolen assets while pretending the Alps are made of pure morality.

The Ukraine Rebuild (BlackRock)

POWER: Exploit a crisis to forcibly privatize an opponent's state assets.

LORE: Forcing a war-torn nation to sell its mineral wealth and state assets to pay off reconstruction debt.

Phase 6: The Silent Assassins

Geräuschloses Töten. Why invade when you can just bankrupt them?

The Economic Hit Man

POWER: Trick an opponent into accepting a loan that ruins their economy.

LORE: Highly paid professionals who defraud countries of trillions via fraudulent reports, bribery, and extortion.

Regime Change (United Fruit)

POWER: Remove a non-compliant leader from the board. Costs 3 covert tokens.

LORE: If a government shows no interest in dictated financial policy, they are swiftly acquainted with harder arguments.

Resource Extraction

POWER: Drain 1 resource token per turn from a developing nation.

LORE: The true goal of development loans: permanent control over natural resources.

The Privatization Vise

POWER: Force an indebted player to sell their public utilities to your corporate deck.

LORE: Liberalization simply means stealing the commons to feed the cartel.

Phase 7: Holy Money & Wet Work

The most secretive bank in the world has the most blood on its ledgers.

IOR (Institute for Works of Religion)

POWER: Launder infinite criminal wealth with divine diplomatic immunity.

LORE: Capital: 600 Million officially. Realistically? 600 Billion in blood-soaked history.

Banco Ambrosiano Collapse

POWER: Shift all your debt to an offshore shell company right before it explodes.

LORE: Arms trafficking, money laundering, and deals with the Mafia and the P2 Masonic Lodge.

Roberto Calvi's Bridge

POWER: Suicide a problematic witness. Target player discards their hand.

LORE: The 120kg head of Banco Ambrosiano, silenced before he could sing about the missing \$250 million in IOR deposits.

Michele Sindona's Espresso

POWER: Poison the opponent's strongest asset. Unblockable.

LORE: The Howard Hughes of Italy, deeply tied to the Vatican, silenced with cyanide coffee in prison (1986).

KayfaBIZARRO!

Phase 8: The BCCI Mega-Scandal

The CIA's personal ATM for global terror, drugs, and nukes.

BCCI (The Sleaziest Bank)

POWER: Generate phantom loans to cover massive illegal operations.

LORE: 400 branches in 78 countries. Core business: bribery, terror financing, trafficking, and nuclear tech sales.

The Price Waterhouse Blindfold

POWER: Ignore all insolvency penalties for 10 turns.

LORE: Elite consulting firms deliberately ignored that BCCI was functionally insolvent and acting as a Deep State satellite.

Saddam's BNL Secret

POWER: Secure \$4 Billion in secret loans for weapons procurement.

LORE: BCCI helped funnel millions through the Banca Nazionale del Lavoro to arm Iraq, guided by Deep State consultants.

Osama's Offshore Wallet

POWER: Set up an untraceable Al-Taqwa shell company.

LORE: The CIA used BCCI to teach future enemies the dark arts of offshore finance and jihad funding.

Phase 9: The Cartel Collaboration

Without narco-liquidity, the whole system crashes.

BLÖDSINN!

The \$1.6 Trillion Wash

POWER: Convert 10 illegal drug tokens into pristine Wall Street capital.

LORE: According to the UNODC, cartels washed over 1.6 Trillion dollars through international financial markets in a single year.

The 2008 Buffer

POWER: Survive a total market collapse using liquid underworld capital.

LORE: The global financial system would have collapsed in 2008 if it hadn't absorbed billions in drug money—the only liquid capital left.

The War on Drugs Loop

POWER: Expand the Police State without ever reducing the contraband supply.

LORE: A fruitful collaboration between state, banks, and cartels. Laws and morals are pure wastepaper.

CIA Flight Paths

POWER: State actors gain a monopoly on black market logistics.

LORE: Neither the state nor the financial market has any real interest in stopping the fourth-largest trade commodity on Earth.

Phase 10: The Technocratic Shift

Cutting the golden anchor to let the fiat balloon soar.

The Nixon Shock (1971)

POWER: Unpeg your currency. Create money from absolute zero.

LORE: August 15, 1971. The gold standard is abolished, birthing the modern era of value-less fiat currency.

What the FLUFF?!

Milton Friedman's Monetarism

POWER: Control inflation purely by manipulating the money supply, ignoring social costs.

LORE: The doctrine that states should stay out of the economy, leaving ultimate power in the hands of the central bankers.

The Euro Snake

POWER: Bind opponents' economies to yours so they cannot escape a crash.

LORE: The 1972 currency snake that paved the way for a single, unified, centrally planned economic zone.

The ECB (Frankfurt)

POWER: Socialize all losses across the entire Eurozone.

LORE: Established in 1998, a true milestone on the path to absolute financial world domination.

Phase 11: The Digital Panopticon.

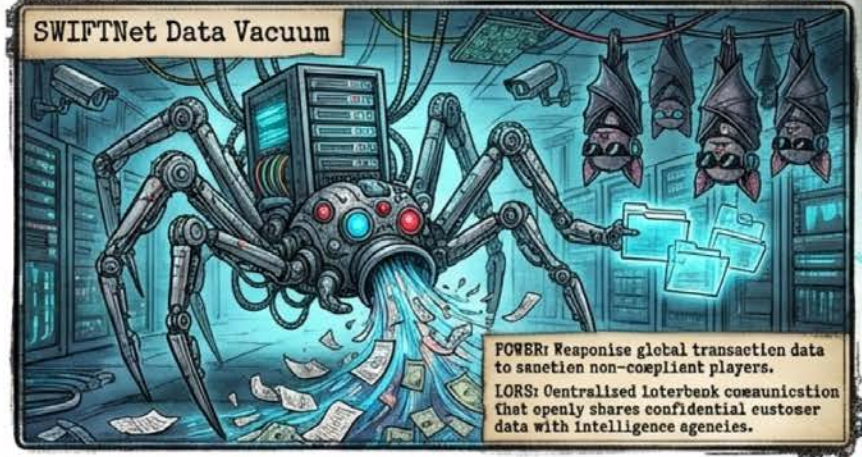

Absolute control over every transaction. The trap snaps shut.

CBDC (The Digital Leash)

POWER: Central Bank has absolute control over the rules of your money.
LORR: We don't know who uses a \$100 bill today. The main difference with CBDC is the central bank will have absolute control. - BIS Manager

SWIFTNet Data Vacuum

POWER: Reapsonise global transaction data to sanction non-compliant players.
LORR: Centralised interbank communication that openly shares confidential customer data with intelligence agencies.

Crypto-Colonialism

POWER: Usurp decentralised tech to rejugate developing nations digitally.
LORR: Siteoip's peer-to-peer threat was neutralised by institutional selling layers and Wall Street absorption.

The Cashless Trap

POWER: Eliaotee anonyetty. All non-compliant traders are blocked.
LORR: Anonymous wallets and cash will soon belong to the past, replaced by total financial yern.

Phase 12: Weaponized Compliance

Speak out of turn, and your ability to buy food is turned off.

Trudeau's Account Freeze

POWER: Freeze all assets of players who protest our rules.
LORE: 210 bank accounts frozen during the 2022 Canadian Freedom Convoy, creating existential dread for dissidents.

GoFundMe Theft

POWER: Confiscates opponent's crowdfunding and donate it to yourself.
LORE: Platform complicity: retaining millions in donations to blindly redirect them to verified charities instead.

PayPal's \$2500 Fine

POWER: Arbitrarily extract \$2500 from a player for wrongthink.
LORE: Tech-payment monopolies independently authorizing themselves to fine customers for spreading misinformation.

Financial Paternalism

POWER: Erase a non-cooperative player from the market entirely.
LORE: The ultimate weapon. If you do not submit to the bio-digital surveillance state, you simply cease to exist financially.

Phase 13: The Modern Plunder

Austerity for the masses, yield vampires for the elite.

The Greek Tragedy (Troika)

POWER: Force an opponent to sell off their entire state infrastructure to you.
LORE: 2010 bailouts. The cradle of democracy put in a permanent chokehold by financial locusts.

Varoufakis vs. Draghi

POWER: Cut off the capital flow to any nation that votes against you.
LORE: The ECB halted capital flows to Greek banks as retaliation for a democratic referendum against credit-colonialism.

BRICS New Development Bank

POWER: Promise an alternative system, but build the exact same panopticon.
LORE: A multi-polar world still relies on CBDC currency blocks to guarantee absolute control through the BIS.

The Yield Vampire

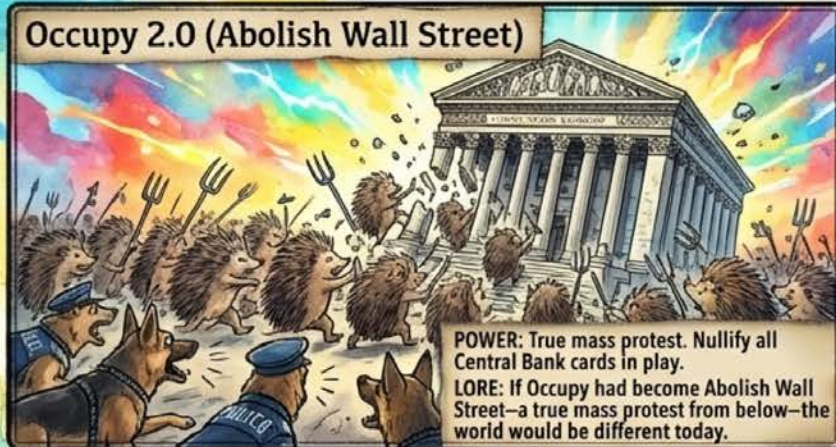

POWER: Collapse bond yields. Make safe investments worthless.
LORE: With debt mathematically unpayable, the only remaining income source is the slow, continuous expropriation of the citizen.

Phase 14: The FrizzleBob Resistance

You can't win a rigged game. So flip the table.

Occupy 2.0 (Abolish Wall Street)

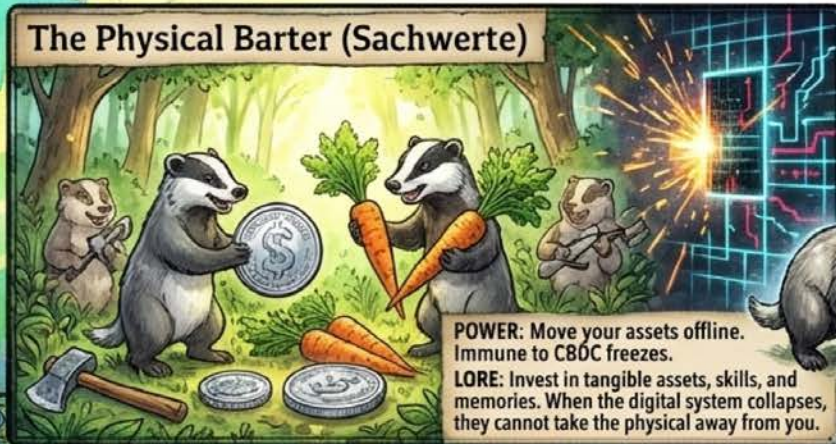

POWER: True mass protest. Nullify all Central Bank cards in play.
LORE: If Occupy had become Abolish Wall Street—a true mass protest from below—the world would be different today.

The El Salvador Glitch

POWER: Expose the illusion. Stop paying taxes that fund nothing.
LORE: The real problem is that you pay high taxes just to maintain the illusion that you are funding the government—which you aren't.

The Physical Barter (Sachwerte)

POWER: Move your assets offline. Immune to CB0C freezes.
LORE: Invest in tangible assets, skills, and memories. When the digital system collapses, they cannot take the physical away from you.

The Sovereign Animal

POWER: Victory Condition: A free man is one who has no debt.
LORE: Withdraw participation. Cash is resistance. Stay fluffy, and starve the beast.
