

Welcome to the Kult, Sheeple!

The danger isn't computers becoming human, but humans becoming computers.

KayfaBIZARRO!

Stay fluffy!

UNCLE FRIZZLEBOB

POWER: Narrative Sabotage. Dispers technocratic illusions in a 5-mile radius.

LORE: The layout anarchist who sees through the Kayfabe. He's here to ruin Big Tech's meticulously curated PR with a sloppy bucket of watercolor truth.

THE TASCHENSPION

(The Pocket Spy)

POWER: Infiltrates the user's pocket. Automatically uploads your soul to the Cloud.

LORE: Irrefutably the most successful voluntary tracking bug in human history. You pay a premium to carry your own prison warden.

Stay fluffy!

KayfaBIZARRO!

OBSERVATIONSÖKONOMIE

(The Attention Economy)

POWER: Extracts 6 hours and 58 minutes of lifespan daily from 86% of global players.

LORE: The digital panopticon disguised as a convenience utopia. You aren't the customer; your brain chemistry is the product.

Stay fluffy!

KayfaBIZARRO!

THE MEDIA MATRIX

POWER: Triggers infinite scroll loop. Disables critical thinking.

LORE: Over 6.92 billion captive animals staring into glowing rectangles, entirely cut off from the analog mud of reality.

Stay fluffy!

Posture, Pustules, and Phantom Buzzes

Evolution in reverse: look down, stay down, and ignore the physical rot of the digital convenience era.

SMARTPHONE-AKNE

(Smartphone Acne)

POWER: Reduces Charisma by 10. Induces permanent social isolation.

LORE: The physical manifestation of toxic screen radiation combined with bacterial Petri dishes held willingly to the face.

VIDEO-SCHULTER & HANDY-NACKEN

POWER: Forces submission posture. Cripples all melee attacks.

LORE: Bow down to your Silicon Gods! Your spine will calcify and warp to match your unquestioning obedience.

P.V.S.

(Phantom Vibration Syndrome)

POWER: Induces phantom notifications. Costs 1 Sanity point per turn.

LORE: The ghost of a notification haunting your nervous system. You feel the buzz even when you're completely naked.

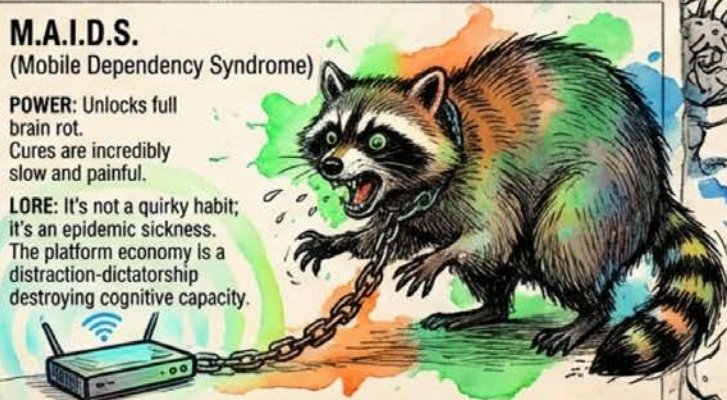

M.A.I.D.S.

(Mobile Dependency Syndrome)

POWER: Unlocks full brain rot. Cures are incredibly slow and painful.

LORE: It's not a quirky habit; it's an epidemic sickness. The platform economy is a distraction-dictatorship destroying cognitive capacity.

BLÖDSINN!

What the FLUFF?!

The Algorithmic Anxiety Engine

You have zero new notifications, but please panic anyway while they harvest your neuroses.

Architecte Daughter

F.O.M.O. (Fear Of Missing Out)

POWER: Forces the player to check their screen every 4 seconds.

LORE: The engineered terror of being disconnected from a digital world that fundamentally does not care about you.

Architecte Daughter

PtSS (Post-Text Stress Syndrome)

POWER: Paralyzes communication. Stuns target for 3 consecutive turns.

LORE: The panic of the blinking dots. Will they reply? Do they hate me? The social contract, weaponized into psychological torture.

Architecte Daughter

THE DOPAMINE DRIP

POWER: Generates synthetic joy. Replaces actual real-world achievements.

LORE: Big Tech literally rapes the brain's reward centers, replacing genuine social instincts with synthetic, trackable metric anxiety.

Architecte Daughter

THE 72-MILLION-POINT CHILD

POWER: Pre-computes digital destiny before the age of 13.

LORE: Ad-tech vultures harvest 72 million data points per child by age 13. Your psychological profile is finished before puberty.

HUMBUG!

KayfaBINGO!

GW

Georg v. Westphalen

THE SILICON DATA-KRAKENS

Knowledge is power, and they know your search history better than your therapist does.

THE G-SEARCHER

POWER: Records all secrets, sexual preferences, and political sins.
LORE: They know your contacts, bank balances, and intimate fears. A psychological profile so exact, it knows what you want before you do.

THE APPLE-DEITY

POWER: Cloaks total surveillance under the guise of Lifestyle Privacy.
LORE: Master of the closed ecosystem. It preaches privacy while secretly sending transcripts of your life back to the mothership.

THE 52,000 FACEBOOK ENTRIES

POWER: Sills your deepest neuroses to the highest bidder.
LORE: The average user has 52,000 data entries hoarded by Zuckerberg's empire. The most harmless outcome is targeted advertising; the worst is mind control.

CAMBRIDGE ANALYTICA GHOST

POWER: Alters democratic realities via mass mental manipulation.
LORE: Data abuse on an industrial scale. They took your quizzes, mapped your anger, and sold you a custom-built political reality.

Yes, It Is Always Listening To You

It's just a coincidence that ad showed up! (Spoiler: It's absolutely not.)

Architecte Daughter

FACE ID INFRARED SWEEPER

POWER: Maps bone structure every 5 seconds, even when locked.

LORE: Transforms your biometric identity into a mathematical structure. Sends an unreadable data packet home every night at 3 AM.

Arohitecte Daughter

SIRI THE EAVESDROPPER

POWER: Always listening. Transcribes ambient conversations.

LORE: How else does she know when you want her? To save server space, she doesn't send audio—she sends silent text transcripts of your entire life.

Arohitecte Daughter

ATTENTION-SENSITIVE CAM

POWER: Anticipates actions, analyzes micro-expressions.

LORE: Attention-sensitive functions. It watches where you look, gauges your mood, and feeds the algorithm your emotional state in real-time.

Arohitecte Daughter

NEURAL HASHING (Client Side Scanning)

POWER: Scans every local photo before it reaches the cloud.

LORE: Under the noble guise of safety, Apple installed software to scan every image on your device locally. True privacy for photos no longer exists.

BLÖDSINN!

CONFIDENTIAL

GW

Georg v. Westphalen

Hotel California for Your Personal Data

You can click 'Delete' anytime you like, but your files can never leave the server.

THE iCloud TRAP

POWER: Nightly covert uploads of Neural-Hash transcripts.
LORE: Even if cloud services are disabled, your device quietly whispers your cataloged life to the central database while you sleep.

THE DELETED PHOTO

POWER: Resurrects "deleted" files years later.
LORE: Pressing delete just hides the file from *your* view. Apple and Google keep the ghosts of your photos on their servers indefinitely.

MICROSOFT'S RECALL

POWER: Bypasses all encryption by photographing the screen.
LORE: Why break encryption when you can just screenshot everything the user does? A hacker's absolute wet dream disguised as a search assistant.

THE TRANSCRIPT FILE

POWER: Bypasses "we don't record audio" legal loopholes.
LORE: Fact-checkers say they don't send audio recordings. True. They convert it to text locally and send the text. Checkmate, privacy.

What the
FLUFF?!

The Invisible Smart-Cage

Welcome to your programmable digital leash, where geographic exclusion is just a software update away.

GEOFENCING COLLAR

POWER: Locks device functions based on GPS coordinates.
LORE: "Not available in your region." A trial run for a future where your money, car, and life only work within a pre-defined physical radius.

CO2-BUDGETING

POWER: Restricts consumption based on fabricated carbon limits.
LORE: Impossible without the smartphone to track every purchase and movement. The ultimate environmental guise for total societal control.

SOCIAL CREDIT SYSTEM

POWER: Cancels digital existence for real-world wrong-think.
LORE: If you continuously transmit your location, associations, and thoughts to a central hub, you are already silently enrolled.

PROGRAMMABLE DIGITAL CURRENCY

POWER: Money that expires or refuses to be spent on blacklisted items.
LORE: Central Bank Digital Currencies are the final lock on the Smart-Grid cage. Say goodbye to cash, say hello to conditional existence.

MONITORED!

RESTRICTED!

The Phone-To-Phone Infection

99.3% of the population is successfully mapped, and you are carrying the radar beacon in your pocket.

Architects Daughter B.L.E. MESH NETWORK

POWER: Devices communicate autonomously without user consent.
LORE: Bluetooth Low Energy allows sleeping devices to talk to each other, trading IMEI numbers and locations to build an inescapable map.

INFESTED!

ZAPPED!

KayfaBONGO!

TRACKED!

BEACON!

CHAOS!

Architects Daughter THE CONTACT- TRACING KRAKEN

POWER: Reads all physical encounters from the past 14 days.
LORE: The crisis justified the rollout. Your phone logs every other phone it paces. You are carrying a militarized radar beacon.

SABOTAGE!

Architects Daughter MALWARE OVER-THE-AIR

POWER: Install military-grade payloads instantly and silently.
LORE: Since Android and iOS now talk to each other, a single button press can deploy malware or simulate a blackout for 99.3% of citizens.

Architects Daughter SMARTDUST FREQUENCY

POWER: Activates biological or nano-technical payloads remotely.
LORE: The ultimate 6th-dimension warfare. Phones can generate specific frequencies to excite ingested nanoparticles. Pure sci-fi horror made real.

SABOTAGE!

Silicon Valley's Military Dads

Steve Jobs didn't invent the touchscreen; the Pentagon did, and they thank you for your purchase.

DARPA'S TOY

POWER: Rebrands weapons of war as consumer luxury items.
LORE: GPS, touchscreens, Siri, Internet—all funded by US military budgets. The ideal weapon for covert population attacks, sold as a lifestyle gadget.

Architects Daughter IN-Q-TEL (The CIA Wallet)

POWER: Funds the covert creation of Google, Facebook, and Twitter.
LORE: Social media is a tool of the CIA. Seriously. They seeded the startup capital to build mass-surveillance tools they couldn't legally build themselves.

NSA SURVEILLANCE BACKDOOR

POWER: Reads everything, regardless of your cute encryption.
LORE: The government doesn't need to crack your password when Big Tech leaves the back door wide open and the porch light on.

GOOGLE PLAY PROTECT

POWER: Deletes unapproved apps from your device automatically.
LORE: Masquerading as malware protection, it's the perfect tool to nuke independent media apps and crypto-wallets off every phone on earth.

CLASSIFIED

The Analog Counter-Strike

If it doesn't have a removable battery or a rotary dial, it's a weapon pointed at you.

THE DUMB-PHONE

POWER: Grants absolute immunity to Dopamine, Tracking, and Apps.
LORE: The indestructible artifact of the early 2000s. No GPS updates, no background syncing. When it's off, it's actually off.

THE MURENA FAIRPHONE

POWER: Physically breaks the Google/Apple hardware duopoly.
LORE: Sustainable hardware stripped of Big Tech spyware out of the box. A functional escape pod from the digital-financial complex.

Stay fluffy!

THE VOLLA PHONE

POWER: Grants total, uncompromising control over your own data.
LORE: Comes with dual-boot options and zero pre-installed corporate wiretaps. For those who demand the future without the dystopia.

THE REMOVABLE BATTERY

POWER: Achieves 100% True Stealth Mode.
LORE: The ancient magic Big Tech banned. The only absolute guarantee that a device isn't recording your location and conversations.

KayfaBONGO!

Open Source Sanctuary

Code forged by the people, designed specifically to blind the all-seeing eye of the panopticon.

KayfaBOGGLE!

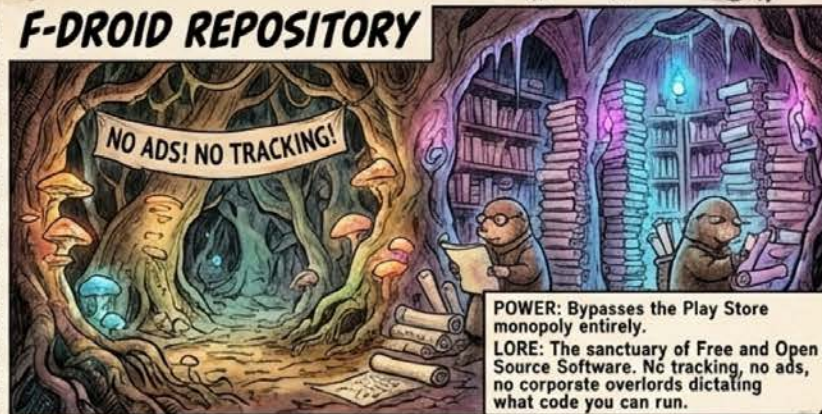

GRAPHENE OS

POWER: Hardens the Android base against all extraction algorithms.
LORE: A privacy-respecting operating system. Turns the hardware they built into a fortress they cannot penetrate.

F-DROID REPOSITORY

POWER: Bypasses the Play Store monopoly entirely.
LORE: The sanctuary of Free and Open Source Software. No tracking, no ads, no corporate overlords dictating what code you can run.

THE AURORA STORE

POWER: Downloads mainstream apps completely anonymously.
LORE: Allows you to raid the corporate app stores without logging in, stripping Google of its power to map your digital identity.

THE UNWANTED APPS

POWER: Nullifies Algorithmic Censorship and shadow-banning.
LORE: Independent platforms are always one update away from being labeled Harmful Software by the Silicon Valley gatekeepers. Keep them alive.

Leaving The Media Matrix

The most radical, terrifying act of rebellion remaining is simply turning the damn thing off.

FLUFF?!

KayfaBIZARRO!

What the
FLUFF?!

THE OFFLINE P.C.

POWER: Restores deep focus, productivity, and a normal breathing rate.
LORE: Shift your tasks back to a fixed location. Stop carrying the internet in your pants. The immediate effect on life quality is staggering.

THE PRIVACY ACADEMY

POWER: Upgrades user from Hunted Victim to System Admin.
LORE: Rob Braxman and the cyber-wizards offer the tutorials needed to vanish from the grid. Education is the ultimate antivirus.

TACTICAL FLIGHT MODE

POWER: Cuts off the feed. Reduces baseline anxiety to zero.
LORE: Treat the Taschenspion like a loaded weapon. Check it twice a day, then lock it in a drawer. You are not a slave to the notification bell.

ESCAPING THE MATRIX

POWER: Wins the game. Reclaims human freedom.
LORE: You must withdraw from this network of total surveillance while you still can. The seductive convenience of the observation economy has a high price: Freedom.
