TRASHY WRESTLING
(Awesome)

Blood! Drama!
Spandex!
YEAH!

Listen up, fluff-brains! You think Shakespeare is for nerds? **WRONG**. It's for liars. It's about Kayfabe—the fine art of performing the lie until it becomes true.

- ★ Hamlet isn't sad; he is performing sadness.
- ★ Iago isn't honest; he is performing honesty.
- ★ Character isn't what you are. It's what you do when the Quest Die hits a 1.

BLÖDSINN!

Bangers

MECHANIC 1: THE MOOD (THE HEART)

It's not WHAT
you do, it's
HOW MUCH
DRAMA you
add while
doing it.

MOOD

Boring:
I cross the
bridge.

Dramatic:
I cross the bridge,
heart pounding,
certain the boards
will give way
beneath me.

Sadness, and I don't
enjoy any, exhibiting
in my morning class...
what could they and
the farm animals the
poor was, but out there
in bleeding...

Bangers

MECHANIC 2: THE SKILL (THE HANDS)

The lie needs
muscles. Skill
is how you
sell the con.

Out, Damned Spot!

Boring:

I convince the
guard.

Skilled:

I flatter his sense
of duty, appeal to
his sympathy, and
subtly imply his
superior would
approve.

EPILOGUE: IF WE SHADOWS HAVE OFFENDED...

Think but this, and all is mended:
You have wasted ink and paper on a wrestling
game played by animals.
The Tragedy is yours. The Comedy is mine.
