

Georg von Westphalen

MedKayfab Global Outbreak: The Vector Vengeance

Uncle FrizzleBob's Krazy Kayfabizzaro Komik Kards

FALCI-THE-KILLER (PLASMODIUM FALCIPARUM)

STAT: Incubation 7-14 days
Thick & Thin Smeear
Cerebral risk.

POWER: The BBC-Smasher. Invades red cells and makes them sticky, jamming brain and kidney pipes.
LORE: The deadliest clan. Uses Sequestration to hide from the Spisen-Sentry.

SMASH
THIS GUY!
KayfaBONGO!

ARTESU-THE-HAMMER (ARTESUNATE)

STAT: 1st-line Severe Malaria
IV admin.

POWER: The Parasite-Pulse. Strikes during the most active stage, clearing Blood-Load instantly.
LORE: Derived from Sweet Wormwood. The Heavy-Artillery for Falei.

VIVAX-THE-LURKER (PLASMODIUM VIVAX/OVALE)

STAT: 48-hour fever cycle
Hypnoscite liver stage.

POWER: The Sleeper-Cell. Rides in the Liver-Baseant for months or years.
LORE: Requires Primaquine-the-Purger to clear. Watch out for G6PD-deficient beasts—the purger will melt their blood!

DON'T
FORGET
G6PD!

WATCH
OUT FOR
CEREBRAL
RISK!

QUININE-THE-BITTER (QUININE)

STAT: Cinchonism (Tinnitus)/
Hypoglycemia risk.

POWER: The Old-School-Zap. Ancient guardian, but toxic and Bitter to the host.
LORE: Triggers Insulin-the-Enforcer, crashing the host's sugar-stats.

OLD
SCHOOL
TOXICITY!

OLD SCHOOL TOXICITY!

Choler-the-Pump (Vibrio cholerae)

STAT: Rice-Water Stool
Dehydration in hours.

POWER: The Massive-Drain.
Opens gut Chloride-Gates, flushing
body water in a single tide.

LORE: Secretes Cholera Toxin.
ORS-the-Refiller is needed more than
antibiotics to survive the flood.

Typhi-the-Infiltrator (Salmonella typhi)

STAT: Rose Spots /
Paget Sigu /
Step-ladder fever.

POWER: The Trojan-Horse.
Hitches a ride inside Nacro-Maggie
cleaners to invade bone marrow.

LORE: Spreads via the Gallbladder-
Garraoa. Carriers spread the
infection without feeling a punch.

Giardi-the-Flag (Giardia lamblia)

STAT: Poul, fatty stools
/ Mountain stream cysts.

POWER: The Suction-Stall.
Uses a Suction-Disk to stick to the
gut wall, blocking fat absorption.

LORE: Backpacker's Bane.
Cysts are armor-plated against
chlorine.

Schisto-the-Snail-Lord (Schistosomiasis)

STAT: Freshwater snails
/ Cercariae skin-entry.

POWER: The Organ-Scarrrer.
Eggs trigger a massive Fibro-Fiona
riot, turning liver/bladder to stone.

LORE: Lives in venous plexus.
Swimmer's Itch is the first sign
of invasion.

Ebola-the-Shredder (Filovirus)

STAT: Incubation 2-21 days
Contact spread.

POWER: The Capillary-Crasher.
Melts Endothelial-Armor, causing
systemic leakage and collapse.

LORE: Paralyzes Dendritic-
Directors early, allowing a Isthial
Cytokine-Storm to finish the host.

Call
Doc
Frizzle!

Lassa-the-Rodent (Arenavirus)

STAT: Multimammate rat urine
25% Deafness.

POWER: The Ear-Thief.
A systemic fever that specifically
targets acoustic nerves.

LORE: Ribavirin is the only
Chemical-Counter if used before
the timer runs out.

Call Doc
Frizzle!

Dengue-the-Bone-Breaker (Flavivirus)

STAT: Aedes vector
Retro-orbital pain
Myalgia.

POWER: The Joint-Crush.
Nakes every bone feel like it's
snapping.

LORE: Antibody-Enhancement makes
a second match with a new strain
far deadlier (DHF-the-Hemorrhage).

Call
Doc
Frizzle!

Yellow-the-Jaundice-Jack (Flavivirus)

STAT: Aedes vector
Black vomit
(Hematemesis).

POWER: The Liver-Esecutioner.
Turas skin gold and vomit black
while destreylog the Liver-Factory.

LORE: Leaves Councilman Bodies in
the liver. 17D-Shield vaccine
grants a lifetime of protection.

fury fur
to the
edges

KAYFABIZARRO!

Ascaris-the-Giant (Roundworm)

STAT: Fecal-oral
30 cm long
Lung-migration.

POWER: The Pipe-Obstructor.
Grows massive to physically block
Bowel-Tunnels or Bile-Ducts.

LORE: Takes a Grand-Tour of the
body, traveling from gut to lungs
(Loeffler-the-Cough) and back.

Filaria-the-Blocker (Elephantiasis)

STAT: Wuchereria bancrofti
Lymphatic damage.

POWER: The Fluid-Dam.
Clogs Lymph-Drains, mutating limbs
into heavy, skin-thickened pillars.

LORE: Worms-in-the-Wires stay
for years. Requires
DEC-the-Worm-Killer.

Hookworm-the-Vampire (Ancylostoma)

STAT: Barefoot walking
Ground itch
Anemia.

POWER: The Blood-Sucker.
Bites into Intestinal-Wallpaper
to drink blood drop by drop.

LORE: Causes the Grey-Faint—
the host goes pale as all
Iron-Tokens are drained.

Oncho-the-River-Blind (River Blindness)

STAT: Blackfly vector
Microfilariae in eyes.

POWER: The Sight-Stealer.
Triggers intense Skin-Itch and
slowly calcifies eyes into Scar-Stone.

LORE: Ivermectin-the-Legend is
required to stop the
Micro-Worm-Migration.

HUMBUG!

HUMBUG!

HUMBUG!

HUMBUG!

R-Naught-the-Multiplier

STAT: R_0 value
(Measles = 18, Ebola = 2).

POWER: The Spread-Velocity. Tells the team how many new infections one Source will create.
LORE: $R_0 < 1$ means the outbreak dies. $R_0 > 1$ means the Pathogen-Fire spreads.

Contact-Tracing-the-Detective

STAT: Index Case /
Ring Vaccination

POWER: The Shadow-Hunter. Tracks Pathogen-Footprints to find everyone the enemy has touched.
LORE: Crucial for Ebola/Smallpox. Find the Next-Victim before the next fire starts.

Herd-the-Immunity-Wall

STAT:
Threshold = $1 - (1/R_0)$.

POWER: The Pathogen-Blocker. With enough Vaccine-Shields, the enemy finds no path to the vulnerable.
LORE: Protects the Immune-Maive by surrounding them with Biological-Armor.

Quarantine-the-Isolation-Cell

STAT: 40 days
(Venetian quaranta).

POWER: The Arens-Lockdown. Prevents the Infected from entering the ring until the Inebriated-Tiarr sleeps.
LORE: The ultimate Passive-Defense that breaks the transmission chain by force.

Aedes-the-Tiger (Mosquito)

STAT: Daytime biter /
Urban / Dengue, Zika.

POWER: The Urban-Smuggler. Loves City-Water and targets hosts inside their own homes.
LORE: Extremely high Vector-Competence. The premier delivery truck for the Flavivirus clan.

Tsetse-the-Sleep-Fly

STAT: Trypanosomiasis /
Winterbottom's Sign.

POWER: The Brain-Sleaz-Curse. Injects a parasite that crosses the krain barrier, forcing a terminal coma.
LORE: Attacks the CNS. The victim becomes lethargic and Dezes-to-Deeth without a counter-strike.

Ixodes-the-Tick (Lyme/TBE)

STAT: Bull's-eye rash
(Erythema migrans).

POWER: The Slow-Lyme-Lock. Hitches a ride to slowly inject a Multi-System-Saboteur.
LORE: If not caught early, the Heart-Wires and Joint-Gears begin to fail.

Snail-the-Cercariae-Launcher

STAT: Freshwater habitat /
Schistosoma vector.

POWER: The Skin-Diver. Releases thousands of Torpedo-Worms into the water, waiting for bare skin.
LORE: Avoid the Snail-Waters. It's a purely Environmental-Ambush.

KayfaBOGGLE!

Metro-the-Melt (Metronidazole)

STAT: Nitroimidazole
/ Bisulfiram reaction.

POWER: The Anaerebe-Annihilator. Melts Giardia and Amoeba by shredding their DNA.
LORE: The Metal-Taste warrior. Never mix with Al-the-Alcohol or the host will vomit endlessly.

Prazi-the-Worm-Paralyzer (Praziquantel)

STAT: Increases
Calcium permeability.

POWER: The Spasm-Strike. Triggers a Massive-Cramp causing all worms to lose their grip.
LORE: The Universal-Fluke-Fighter. The only eviction notice Schisto-the-Snail-Lord respects.

Iver-the-Legend (Ivermectin)

STAT: GABA-agonist
(invertebrates) / Nobel Prize.

POWER: The Micro-Nerve-Gas. Paralyzes the nerves of Oncho and Sarcophytes-the-Itch-Mite.
LORE: A Mass-Drug-Administration hero capable of clearing entire villages of Parasite-Punks.

Al-the-Albendazole

STAT: Inhibits
microtubule synthesis.

POWER: The Starvation-Strike. Steps worms from Eating-Glucose, starving them to death inside the host.
LORE: Broad-Spectrum-Worm-Warrior covering Ascaris, Hookworm, and Pinworm.

The WHO-the-Director

STAT: PHEIC (Public Health Emergency of International Concern).

POWER: The Global-Alert. Issues the Warning-Siren coordinating all Arena-Responders.
LORE: Provides the ultimate Rules-of-Engagement during a Pandemic-Panic.

The Cold-Chain-Logistics

STAT: 2° to 8° C storage requirement.

POWER: The Shield-Preserver. Prevents Vaccine-Shields from melting into useless Water-Tokens.

LORE: The hardest part of a Tropical-Watch is getting shields to Resote-Rings without them getting warm.

The WASH-Warrior

STAT: Handwashing / Pit latrines / Safe water.

POWER: The Primary-Barrier. Stops Cholera and Typhi before they even reach the arena.
LORE: Clean water is recognised as the single most powerful Antibiotic ever discovered.

The Bed-Net-Sentry

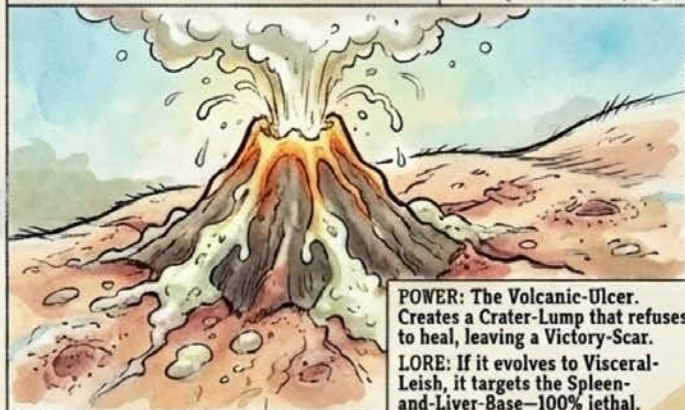

STAT: ITN (Insecticide-Treated Net).

POWER: The Night-Guard. Blocks the Anopheles-Assassins from attacking sleepers.
LORE: The slapest, chespest, and most effective way to drop the Malaria-Score in any village.

Leish-the-Skin-Eater

STAT: Sandfly vector /
Amastigotes in macrophages.

POWER: The Volcanic-Ulcer.
Creates a Crater-Lump that refuses
to heal, leaving a Victory-Scar.
LORE: If it evolves to Visceral-
Leish, it targets the Spleen-
and-Liver-Base—100% lethal.

Leprosy-the-Ancient

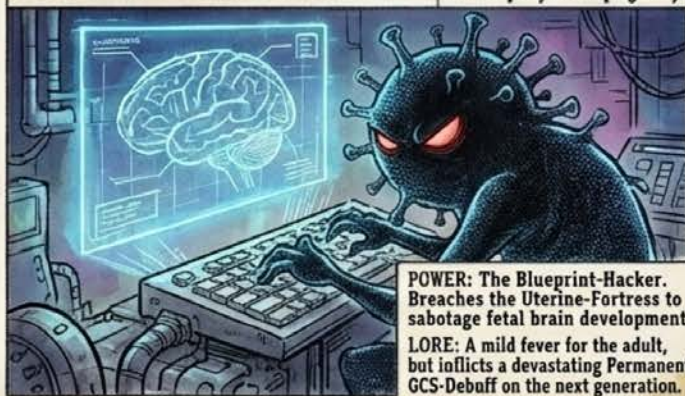

STAT: Acid-fast bacilli
/ Nerve thickening.

POWER: The Numb-Invader.
Kills Sensation-Nerves, hiding the
pain of Arena-Trauma (burns/cuts).
LORE: A Social-Stigma-Weapon.
Without treatment, secondary Scuff-
Matches cost the host fingers and toes.

Zika-the-Small-Head

STAT: Aedes vector /
Microcephaly risk in pregnancy.

POWER: The Blueprint-Hacker.
Breaches the Uterine-Fortress to
sabotage fetal brain development.
LORE: A mild fever for the adult,
but inflicts a devastating Permanent-
GCS-Debuff on the next generation.

Myiasis-the-Botfly

STAT: Dermatobia hominis
Larva in skin.

POWER: The Living-Ancher.
A fly lays an egg on a mesquite,
which delivers the Worm-Guest
directly into the skin.
LORE: You can literally feel it
Wiggle. The only way out is to
Smother-the-Breathing-Hole.

Diagnosis?!

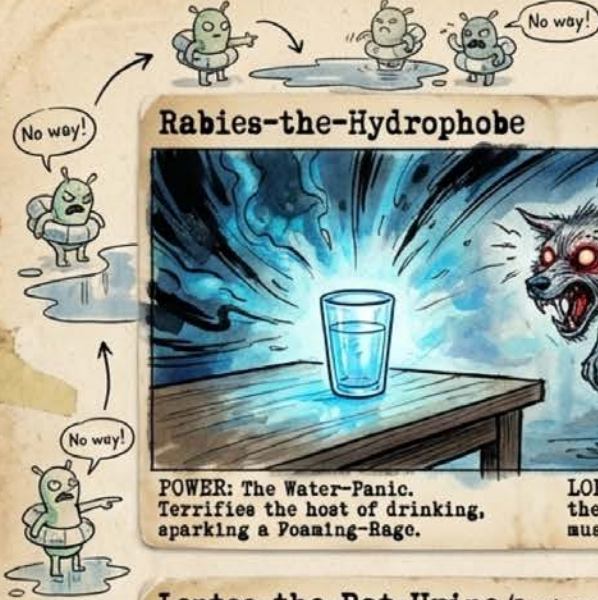

Diagnosis?!

Diagnosis?!

Rabies-the-Hydrophobe

STAT: Animal bite /
Kegri bodies / 100% lethal.

POWER: The Water-Panic.
Terrifies the host of drinking,
sparkling a Foaming-Rage.

LORE: Climbs the Nerve-Cables to
the brain. Post-Exposure-Shield
must be deployed immediately!

Brucella-the-Malta-Fever

STAT: Unpasteurized milk /
Undulant fever.

POWER: The Wave-Attack. Fever
strikes in rolling Waves, giving false
hope before crushing the host again.

LORE: Hides in the
Reticuloendothelial-Vaults. Requires
a Dougie-Antibiotic-Strike for weeks.

Leptos-the-Rat-Urine (Leptospirosis)

STAT: Flooding /
Jaundice + Renal Failure.

POWER: The Yellow-Kidney-Strike.
Invades through skin cuts during
floods to trash the liver and kidneys.

LORE: Mimics Dengue/Malaria. The
giveaway is Conjunctival-Suffusion
(Red eyes with zero pus).

Anthrax-the-Wool-Sorter

STAT: Spores /
Medlaattinal widening.

POWER: The Black-Echar. Creates a
Painless-Black-Crater outside, but oper-
ates as a Silent-Killer inside the lungs.

LORE: The Spore-Shield lets him
survive in dirt for decades, waiting
patiently for a new victim.

Amoeba-the-Liver-Seeker (Entamoeba)

STAT: Bloody diarrhea /
Anchovy Paste abscess.

POWER: The Tissue-Melter. Uses Proteases to melt the gut wall and swim to the liver to build a Pus-Nest.

LORE: If he reaches the Liver-Basement, the host suffers high fever and a severe Right-Sided-Ache.

H-Pylori-the-Burner

STAT: Urease breath test /
Gastric cancer risk.

POWER: The Acid-Shield-Breaker. Vents a Cloud-of-Ammonia to survive stomach acid while burning the Wallpaper.

LORE: Master of the Slow-Burn, occupying Antrum-Alley for decades.

Strongy-the-Hyperinfector

STAT: Auto-infection cycle
/ Steroid risk.

POWER: The Endless-Loop. Reproduces endlessly inside the host, never needing the outside world.

LORE: Predni-the-Systemic-Steroid sends Strongy into Hyper-Drive, flooding the body and ending the match.

Noro-the-Cruise-Ship-Chaos

STAT: Low dose (10 particles)
/ Explosive vomiting.

POWER: The Arena-Clearer. Spreads so fast it knocks out entire Wrestling-Cruise-Ships in 24 hours.

LORE: The Winter Vomiting Bug. Zero immunity-Noro can hit you over and over again.

BLÖDSINN!

BLÖDSINN!

GW

Georg v. Westphalen

The Thick-and-Thin-Smear

STAT: Microscopy /
Giemsa stain.

POWER: The Parasite-Counter. Thick smear finds the enemy;
Thin smear identifies their Clan.
LORE: The absolute Gold-Standard for confirming Falci-the-Killer.

The Lumbar-Puncture-Spinal-Tap

STAT: CSF analysis /
Opening pressure.

POWER: The Brain-Secret-Reader. Reveals if Meningitis or
Cerebral Malaria is knocking on the Brain-Bunker.
LORE: Essential staging tool for the Tsetse-Sleep-Fly curse.

The RDT-the-Rapid-Check

STAT: Lateral flow assay /
Malaria or Dengue.

POWER: The 15-Minute-Verdict. Gives the Attending-Boss an
instant Yee/No in the middle of the jungle.
LORE: Doesn't reveal the Blood-Load, but confirms if the enemy
is in the ring.

The ELISA-the-Antibody-Seeker

STAT: IgM (Recent)
vs. IgG (Past).

POWER: The History-Reader. Tells the team if the host is fighting
now, or if they won the match years ago.
LORE: Uses Enzyme-Linkage to illuminate historical Pathogen-Footprints.

The GAVI-the-Vaccine-Alliance

STAT: Global immunization funding.

POWER: The Shield-Distributor. Ensures even the Poorest-Arenas get the Vaccine-Shields they desperately need.

LORE: The Economic-Shield. Without GAVI, Measles and Polio would win the match every single time.

The One-Health-Paradigm

STAT: Human-Animal-Environment connection.

POWER: The Total-Arena-Vision. Recognizes you can't protect the wrestler without protecting the Environment-Arena and Animal-Allies.

LORE: 75% of new Infection-Assassins originate from the animal kingdom.

The Surveillance-Sentry

STAT: Notifiable diseases / Real-time reporting.

POWER: The Early-Warning-System. Scans for the first sign of a Fever-Cluster to abort a Pandemic-Panic.

LORE: Information is Power. Catches the fire when it's still just a spark.

The Refugee-Camp-Crisis

STAT: Overcrowding / Lack of WASH / High mortality.

POWER: The Perfect-Storm. When hosts are forced into crowded Tented-Arenas without clean water, pathogens feast.

LORE: The ultimate, heartbreaking challenge for Global-Outbreak-Defenders.

One Health!
KeyaBONGO!

GW

Georg v. Westphalen

The Tropical Attending (Doc FrizzleBob)

STAT: Master of
Exotic-Antagonists.

POWER: The Outbreak-Orchestrator. Synthesizes the clues to break the chain.

LORE: Think global, act local. Is it the vector, the water, or the contact? Find the source or the arena falls! Stay fluffy!

Synthesis Quest 2

The Cerebral Storm

LORE: A pup in a malaria-zone is unconscious and having seizures. The Thick-Smear is full of Sticky-RBC-Shards.

POWER: Identify the RBC-Smasher (Palci-the-Killer) and choose the Hammer-Weapon (Artesu-the-Hammer).

Synthesis Quest 1

The Fever of the Forest

LORE: A wrestler returns from the Amazon with a high fever, black vomit, and yellow skin. He didn't have his 17D-Shield.

POWER: Identify the Liver-Executioner (Yellow-the-Jaundice-Jack) and name the Urban-Smuggler (Aedes-the-Tiger).

Synthesis Quest 3

The Snail-Water-Ache

LORE: A wrestler who swam in a freshwater lake has an enlarged liver and Portal-Gears that are turning to stone.

POWER: Identify the Snail-Lord (Schiato-the-Snail-Lord) and apply the Worm-Paralyzer (Prazi-the-Spaan-Strike).
