The Diagnostic Toolkit: The Detective's Gear

Listen to the body, then look through the walls. Stay fluffy!

Anamnes-the-Profiler (History)

STAT: Sens 80% / \$0 Cost / 0 Rads

POWER: The Narrative-Unlock. Listens to the Wrestler's Story to build the Initial-Differential.
LORE: The Social-Interface. Most matches are won or lost in the first 5 minutes of talking.

Inspecto-the-Eagle-Eye (Inspection)

STAT: First-look Gestalt

POWER: The Surface-Scan. Sees the Butterfly-Rash and Cyanosis-Blue before a word is spoken.
LORE: Visual pattern recognition. The Wrestler-Body wears its Name-Tag on its skin if you know how to look.

Palpato-the-Pressure-Sensor (Palpation)

STAT: Identifies Organomegaly

POWER: The Deep-Touch. Feels the Liver-Edge and Rebound-Scream to find internal structural riots.
LORE: Haptic feedback. Using the hands as a Manometer to judge tissue tension.

Percusso-the-Drummer (Percussion)

STAT: Dull (Fluid) vs. Tympanic (Air)

POWER: The Echo-Check. Taps walls to hear if Lung-Balloons are full of Drown-Water or Air-Ghosts.
LORE: Acoustic resonance. Different densities produce different Sound-Stats. The low-tech ultrasound.

Stetho-the-Listener (Stethoscope)

STAT: Murmur / Bruit Detector

KayfaBINGO!

POWER: The Internal-Whisper. Amplifies Valve-Clicks and Lung-Crackles to hear the Rhythm-Rebels.
LORE: Acoustic amplification. Bridges the External-Arena to the Internal-Soundtrack.

Reflex-the-Striker (Reflex Hammer)

STAT: Grade 0-4+ / UMN vs LMN

POWER: The Circuit-Test. Taps Nerve-Triggers to see if the Brain-Bunker connects to the Muscle-Engine.
LORE: The Monosynaptic-Loop. A hardware test bypassing conscious control.

Sphygmo-the-Clamp (BP Cuff)

STAT: Korotkoff sounds / MAP

POWER: The Pressure-Verdict. Measures Highway-Pressure to find Shock-the-Stumble.
LORE: Hemodynamics. Uses a Pressure-Squeeze to briefly halt the Blood-Flow-River.

Thermos-the-Fire-Gauge (Thermometer)

STAT: Fever Threshold >38.0C

POWER: The Riot-Indicator. Measures Arena-Heat. High heat means the Immune-Army is brawling.
LORE: Core temperature monitoring. The thermal-sensor for systemic metabolic activity.

Otho-the-Ear-Snoop (Otoscope)

STAT: Tympanic membrane visibility

POWER: The Drum-Check. Looks through the Ear-Tunnel to see if the Eardrum-Shield is broken.
LORE: Direct visualization of the Middle-Ear-Arena. A micro-spotlight for narrow tunnels.

Ophthalmo-the-Eye-Spy (Ophthalmoscope)

STAT: Red Reflex / Papilledema

POWER: The Window-to-the-Brain. Looks at the Retinal-Wallpaper to see pressure signs from the brain.
LORE: Direct observation of microvasculature. The only place to see Vessel-Vines without a scalpel.

Dermato-the-Skin-Lens (Dermatoscope)

STAT: Polarized light / ABCD criteria

POWER: The Pattern-Magnifier. Looks through Surface-Reflection to see deep mole pigment patterns.
LORE: Surface microscopic visualization. Removes Skin-Glare to see internal architecture.

Lar-the-Voice-Mirror (Laryngoscope)

STAT: Grade 1-4 view

POWER: The Throat-Gateway. Pulls back the Tongue-Wall to see cords and clear the path for the Breath-Pipe.
LORE: Direct visualization of the Airway-Entrance. Essential for choke-matches.

Cannula-the-Vein-Bridge

(IV Access)

STAT:
14G-24G Flow Rates

POWER: The Supply-Line. Creates a permanent bridge into the Blood-River for Chemical-Allies.

LORE: Venous access. The docking-port for systemic interventions.

Syringo-the-Dose-Delivery

(Syringe)

STAT:
mL volume / Gauge

POWER: The Precision-Strike. Delivers a micro-dose of medicine directly into a muscle or vein.

LORE: Targeted medication delivery. The sniper-rifle of the pharmacy.

Skalp-the-Gate-Opener

(Scalpel)

STAT:
10-blade vs 11-blade

POWER: The Arena-Breach. Opens the Wrestler-Body-Walls so the Blade-Brigade can fix the internal riot.

LORE: Surgical access. The ultimate physical differential-solver—open the door if you can't see.

Cathe-the-Drain-Snake

(Urinary Catheter)

STAT:
14-16 French / Balloon

POWER: The Reservoir-Empty. Snakes through the Exit-Tunnel to drain the Bladder-Basin.

LORE: Urinary decompression. Bypasses lower Obstruction-Outlaws.

KayfaBONGO!

POCUS-the-Pocket-Eye (Point of Care US)

STAT: Fluid-in-Belly / 0 Rads

POWER: The Immediate-Reveal. Looks into the Belly-Arena at the bedside to find Internal-Leaks instantly.
LORE: Acoustic reflection. Sound waves bounce off Organ-Walls to build a live-action map.

Echo-the-Heart-Mapper (Echocardiogram)

STAT: EF % / Valve-Leak

POWER: The Engine-Scan. Watches Valve-Doors and Muscle-Walls in real-time to see why the pump stalls.
LORE: Real-time cardiac ultrasound. Measures flow-velocity and wall-motion.

Doppler-the-Flow-Finder (Doppler)

STAT: Peak Systolic Velocity

POWER: The Traffic-Cop. Hears the speed of the Blood-River to find the Clot-Monster blocking the pipe.
LORE: Frequency shift. Measures the speed of moving red cells to identify blockages.

FAST-the-Trauma-Seeker (FAST Scan)

STAT: 4 Strategic Pits

POWER: The Leak-Hunter. Scans 4 pits to see if Internal-Bleed-Hank is hiding after a crash.
LORE: Identifying free fluid in potential spaces. Calls the Blade-Brigade immediately if positive.

Stay fluffy!

GW

Georg v. Westphalen

Roent-the-Bone-Shadow

(X-Ray)

STAT: Low cost / Fast

POWER: The Skeleton-Reveal.
Shines light through flesh to see snapped Bone-Pillars or Gunk in the lungs.

LORE: Ionizing radiation. Dense structures block photons, casting a white shadow on the plate.

Contrast-the-Painter

(Dye)

STAT: Iodine / Renal risk

POWER: The Highway-Glow.
Injected to Light-up tunnels so Roent-the-Shadow can see them.

LORE: Radiopaque material. Fills hollow spaces to map internal flow-highways.

Angio-the-Vessel-Map

(Angiogram)

STAT: Gold standard for coronary

POWER: The Road-Map.
Shows exactly where a Clot-Monster has blocked a Heart-Pipe.

LORE: Real-time X-ray (Fluoroscopy). Guides the Stent-Builder into the correct spot.

Barium-the-Gut-Liner

(Barium Swallow)

STAT: Oral chalky drink

POWER: The Tunnel-Map.
Coats the Gut-Walls to show if there is an Apple-Core narrowing the exit.

LORE: High-density contrast. Does not absorb, mapping the geography of the GI-Arena perfectly.

CT-the-Slice-Master (CT Scan)

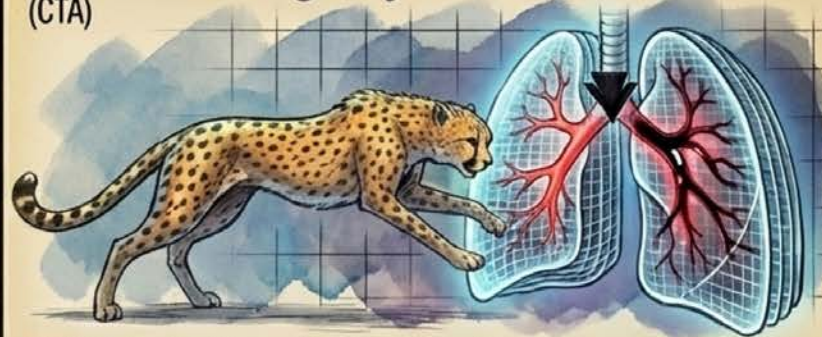

STAT: High Rads / 3D Donut

POWER: The 3D-Cross-Section. Spins thousands of Roent-Shadows into a sliceable 3D-Virtual-Wrestler.
LORE: Rotating X-ray source. Identifies Stroke-Mist and Internal-Bleed with high speed.

CTA-the-Emergency-Scan (CTA)

STAT: Best for PE clot

POWER: The Pipe-Watch. Uses a rapid contrast flash to see if Lung-Highways are blocked before O2 crashes.
LORE: Fast CT combined with IV contrast. The gold standard for sudden cardiovascular catastrophes.

HRCT-the-Fine-Detail (HRCT)

STAT: 1mm slices

POWER: The Micro-Lung-View. Looks at tiny Air-Sacs to find Scar-Fiona or Emphysem-the-Pop.
LORE: Ultra-thin slices focused on lung parenchyma. Sees Pattern-Secrets standard CT misses.

Houndsfield-the-Density-Judge (HU Units)

STAT: -1000 to +1000 HU

POWER: The Tissue-Typer. Looks at a grey spot and judges if it's Air-Ghost, Fluid-Pool, or Solid-Tumor.
LORE: Numerical scale of radiodensity. Allows the Slice-Master to be mathematically precise.

What the
FLUFF?!

Tesla-the-Magnet-Titan

(MRI)

STAT: 1.5-3.0 T / No Metal!

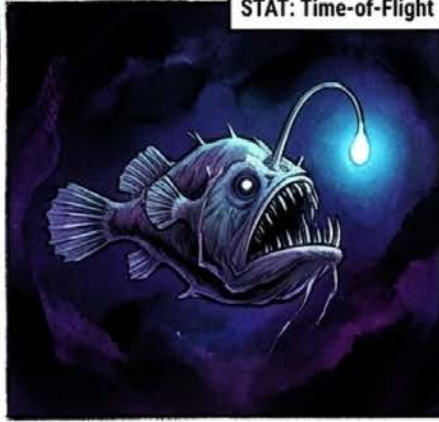

POWER: The Soft-Tissue-God. Uses magnetism to see Brain-Wiring and Tumor-Miners with perfect clarity.

LORE: Nuclear Magnetic Resonance. Flips the Proton-Spin of water molecules to build a high-resolution map.

MRA-the-Silent-Pipe-Map

(MRA)

STAT: Time-of-Flight

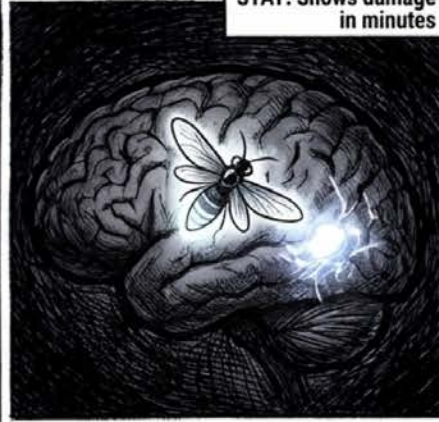

POWER: The Shadow-Highway. Sees blood flow without Contrast-the-Painter, safe for renal-failure wrestlers.

LORE: Imaging focused on moving protons. Maps the Vessel-Vines using only the magnetic field.

DWI-the-Stroke-Spotter

(DWI)

STAT: Shows damage in minutes

POWER: The Ischemia-Blinker. Finds where cells are swelling and dying, catching a Stroke-Stall long before CT.

LORE: Brownian motion of water. In acute stroke, water gets trapped inside cells, glowing bright white.

Gadolinium-the-Signal-Booster

(Contrast)

STAT: Chelated rare earth

POWER: The Breach-Finder. Highlights where the Blood-Brain-Barrier is broken by tumors or scars.

LORE: Paramagnetic enhancement. Shortens Proton-Reset-Time, making specific tissues glow brilliantly.

PET-the-Sugar-Seeker

(PET Scan)

STAT: FDG-Tracer / Glucose

POWER: The Hunger-Map. Uses Radio-Sugar to see who is eating the most. Malignant-Max is always hungry.
LORE: Positron Emission Tomography. Active cells (Cancer, Inflammation) consume more glucose.

V/Q-the-Mismatch-Maker

(V/Q Scan)

STAT: Ventilation-Perfusion

POWER: The Air-vs-Flow-Check. Compares Air-Balloons to Blood-Highways. If air goes in but blood doesn't, it's a clot.
LORE: Nuclear isotope mapping. A Mismatch is the signature of a Pulmonary Embolus.

Bone-the-Hot-Spot-Scan

(Bone Scan)

STAT: Technetium-99m

POWER: The Repair-Radar. Looks for where Bone-Builders are working overtime fixing fractures or fighting tumors.
LORE: Osteoblastic activity. The tracer binds to hydroxyapatite where new bone is being laid down.

HIDA-the-Bile-Flow-Check

(HIDA)

STAT: Gallbladder vis

POWER: The Bile-Highway-Test. Injected tracer flows into the Liver-Factory; if it misses the gallbladder, the door is blocked.
LORE: Hepatobiliary scintigraphy. Tracks the functional flow-logic of bile through the pipes.

ECG-the-Rhythm-Writer

(ECG)

STAT: 12-Leads / P, QRS, T

POWER: The Electrical-Witness.
Writes the heart's playbook.
Finds the STEMI-Fire and
the Chaos-Quiver.

LORE: Surface voltage measurement.
Maps the depolarization wave
traveling through the heart muscle.

EEG-the-Brain-Wave-Monitor

(EEG)

STAT: Delta/Theta/Seizure

POWER: The Mind-Rhythm-Reader.
Watches electrical storms in the Brain-
Bunker to find the Silent-Seizure-Spark.

LORE: Scalp electrophysiology.
Records the summation of neuronal
firing to detect rhythm ruptures.

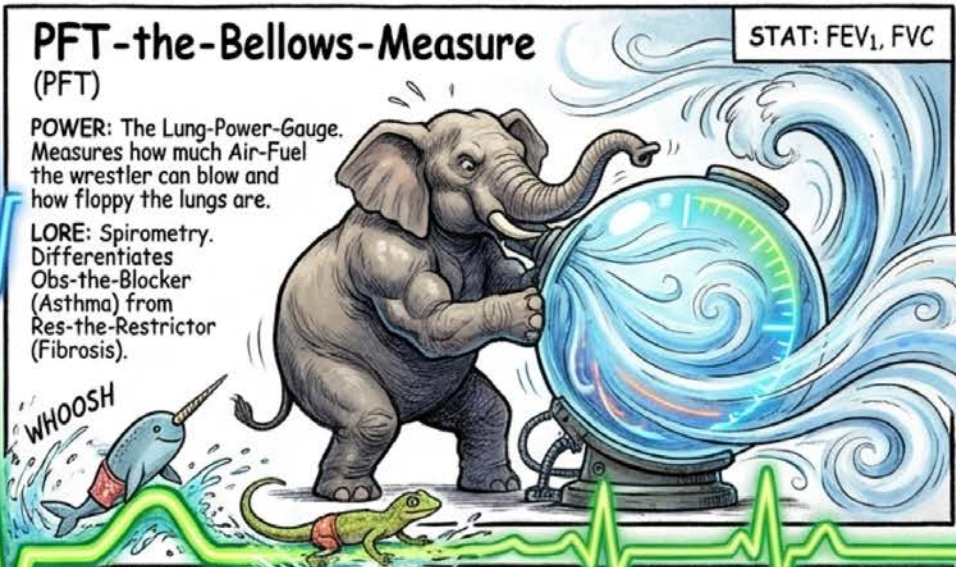

PFT-the-Bellows-Measure

(PFT)

STAT: FEV₁, FVC

POWER: The Lung-Power-Gauge.
Measures how much Air-Fuel
the wrestler can blow and
how floppy the lungs are.

LORE: Spirometry.
Differentiates
Obs-the-Blocker
(Asthma) from
Res-the-Restrictor
(Fibrosis).

EMG-the-Muscle-Wire-Tester

(EMG)

STAT: Nerve Conduction

POWER: The Power-Line-Check.
Pokes Muscle-Engines to see if Nerve-
Wires deliver the move command.

LORE: Electromyography.
Differentiates Nerve-Deadness
from Muscle-Wither.

FNA-the-Tiny-Bite (FNA)

STAT: 22-25G / Cytology

POWER: The Cell-Snatch. Takes a micro-sample to see if cells look like normal citizens or Malignant-Max-Punks.
LORE: Cytological sampling. The least-invasive way to get a look inside a suspicious mass.

Core-the-Tissue-Chunk (Core Biopsy)

STAT: 14-18G / Architecture

POWER: The Structural-Sample. Takes a solid plug so the Patho-Detective can see how tumor miners are arranged.
LORE: Histological sampling. Seeing tissue architecture is essential for grading breast and prostate miners.

Scope-the-Bite-Forceps (Endoscopy)

STAT: Camera-Snake claws

POWER: The Internal-Snatch. Grabs a piece of the Arena-Wall (Gut, Lung) to check for invasion.
LORE: Direct visualization + biopsy. Identifies the enemy while looking right at the damage scene.

Excisio-the-Whole-Thing (Excision)

STAT: Diagnostic & Therapeutic

POWER: The Total-Removal. Takes the entire lump out of the ring, giving the whole story and fixing the match.
LORE: Surgical removal. The final verdict on any suspicious wrestler skin spot.

LP-the-Spinal-Secret (Lumbar Puncture)

STAT: Glucose/Protein/WBC

POWER: The Brain-Bunker-Report.
Draws liquor from the spinal basement to see if Meningi-the-Riot is attacking.
LORE: CSF analysis. The direct data line to the Central Nervous System.

Thorac-the-Lung-Drain (Thoracentesis)

STAT: Exudate vs Transudate

POWER: The Drown-Relief. Drains fluid around the Lung-Balloons so the wrestler can breathe.
LORE: Pleural fluid analysis. Differentiates Heart-Fail-Flood from Infection-Fire.

Paracenth-the-Belly-Tap (Paracentesis)

STAT: SAAG Score

POWER: The Ascites-Audit. Drains the Water-Belly to see if the liver factory is failing or if tumors are leaking.
LORE: Peritoneal fluid analysis. SAAG tells you if the problem is pressure or invasion.

Arthro-the-Joint-Spy (Arthrocentesis)

STAT: Crystals vs WBCs

POWER: The Joint-Secret. Drains the swollen knee to see if the riot is caused by uric needles or bacterial punks.
LORE: Synovial fluid analysis. Essential for saving a joint from septic destruction.

PCR-the-Signal-Multiplier (PCR)

STAT: Amplifies DNA

POWER: The Ghost-Finder. Takes a tiny blueprint scrap and copies it millions of times until the enemy is visible.
LORE: Polymerase Chain Reaction. The microscopic megaphone for viral code scraps.

FISH-the-Glowing-Probe (FISH)

STAT: Fluorescence in situ

POWER: The Code-Spotter. Uses a neon flashlight to find a specific genetic typo or missing page.
LORE: Molecular cytogenetics. Lights up specific sequences right on the chromosome.

Flow-the-Cell-Counter (Flow Cytometry)

STAT: CD-Markers

POWER: The Army-Sorter. Shoots cells through a laser to find Leukemia-Punks by their unusual uniforms.
LORE: Laser-based cell counting. Identifies the phenotype of thousands of cells in seconds.

Next-Gen-the-Total-Reader (NGS)

STAT: Whole Genome

POWER: The Source-Code-Master. Reads every single letter to find hidden glitches and future risks.
LORE: High-throughput sequencing. The final verdict on the genetic fate of the wrestler.

KayfabIZARRO!

The Diagnostic Attending (Doc FrizzleBob)

STAT: Data Orchestrator

POWER: The Tool-Strategist. Choose the fastest tool for the emergency, and the deepest tool for the mystery!
LORE: The master of all sensors. Don't use a Tesla-Titan when a Stetho-Listener can solve the match!

Synthesis Quest 1: Crashing Airway

STAT: Barking cough, Sat 85%

POWER: Deploy: Lar-the-Voice-Mirror.
LORE: Use the gateway tool to see the subglottic squeeze and prepare for the breath-pipe.

Synthesis Quest 2: Hidden Belly Leak

STAT: Trauma, low BP, rigid belly

POWER: Deploy: FAST-the-Trauma-Seeker.
LORE: Use the immediate-reveal tool to find the internal blood pool before calling the blade brigade.

Synthesis Quest 3: The Brain Mystery

STAT: Left-side weakness, Clear CT

POWER: Deploy: DWI-the-Stroke-Spinner.
LORE: CT shows no bleed mist. Use the trapped water signal of an acute stroke call.

STAY FLUFFY!
