MedKayfab Disease Timeline Wrestling: The Temporal Tide

Tipping Points & The Golden Hour.
In the arena of life, the clock is the referee. Stay fluffy!

Hyper-Acute-Hank (The Explosion)

STAT: Onset in seconds to minutes
(Trauma, Strokes, Arrhythmia)

POWER: The Sudden-Strike.
Crashes the Mainframe
with zero warning.

LORE: Catastrophic Vessel-
Burst or Electrical-Short.
No lead-up phase; starts
at maximum intensity.

Sub-Acute-Sarah (The Slow-Burn)

STAT: Onset in days to weeks
(Endocarditis, hidden infections)

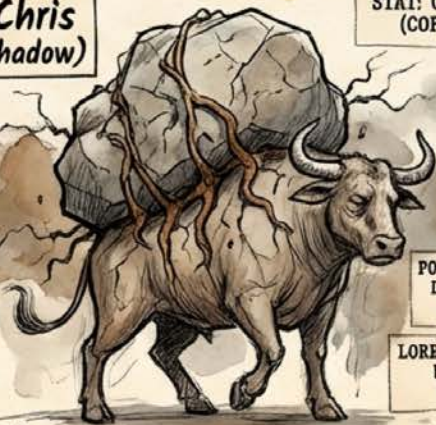

POWER: The Smoldering-Siege.
Slowly drains Energy-Tokens
over a week.

LORE: Hides in the
Prodromal-Phase, forcing
the Differential-Engine
to work harder.

Chronic-Chris (The Long-Shadow)

STAT: Onset in months to years
(COPD, Heart Failure, CKD)

POWER: The Permanent-Pressure.
Depletes Baseline-Reserves,
changing the arena rules.

LORE: Body remodels to survive,
but the remodel becomes
a Structural-Weakness.

Fulminant-Felix (The Accelerant)

STAT: Rapid progression of chronic
foe (Acute Liver Failure)

POWER: The Downward-Spiral.
Turbo-boosts damage, skipping
straight to the Final-Bell.

LORE: Total collapse of
Compensatory-Mechanisms.
Exponential failure speed.

What the
FLUFF?!

3 4

Reversible-Rita (The Window)

POWER: The Second-Chance.
The Wrestler-Frame can
return to 100% health.

LORE: Cellular-Stress before
Cellular-Death. Engines are
struggling but not broken.

STAT: Pre-necrosis
(Early Sepsis / TIA)

Irreversible-Ira (The Scar)

POWER: The Permanent-Debuff.
Damage cannot be undone,
only contained.

LORE: Fibro-Fiona replaces
dead tissue with Biological-
Cement. Function is lost
forever.

STAT: Post-infarction /
Fibrosis / Necrosis

Golden-Hour-Gabe (The Deadline)

POWER: The Pressure-Cooker.
Doomsday-Clock triggers
Irreversible-Ira if missed.

LORE: Time-sensitivity of
Ischemic-Tissue. Oxygen-Debt
accumulates, interest rate
is death.

STAT: 60m Trauma / 4.5h
Stroke / 90m STEMI

Compensat-the-Muzzle (The Mask)

POWER: The Hidden-Hurt.
Over-revving intact systems
to hide the Stat-Drop.

LORE: Asymptomatic-Window.
Spending future reserves to
survive today.

STAT: Occult phase /
Asymptomatic progression

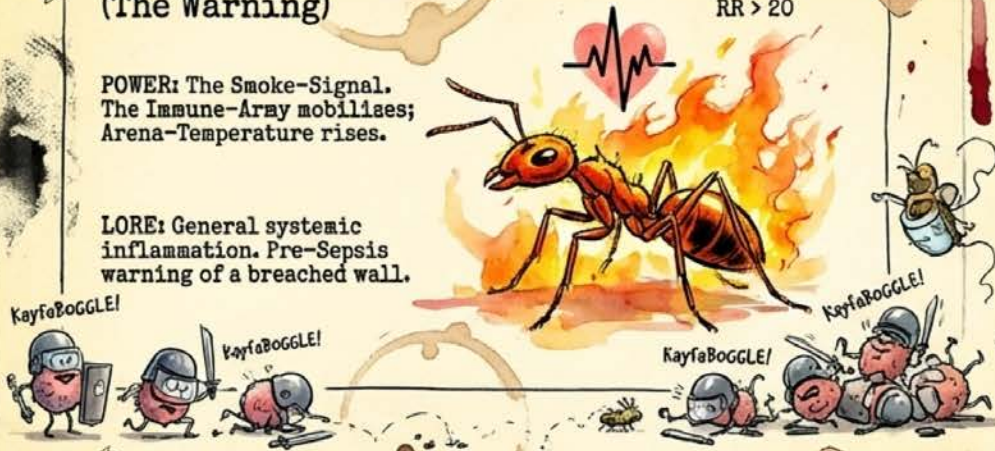

SIRS -the-Spark (The Warning)

POWER: The Smoke-Signal.
The Immune-Army mobilises;
Arena-Temperature rises.

LORE: General systemic
inflammation. Pre-Sepsis
warning of a breached wall.

STAT: Temp > 38°C
HR > 90
RR > 20

Sepsis-the-Storm (The Infection)

POWER: The Organ-Invasion.
Capillary-Pipes leak;
Lactate-Debt climbs.

LORE: Dysregulated host
response. Immune-Army
damages the Arena
hunting the enemy.

STAT: SIRS +
Suspected Source
/ qSOFA

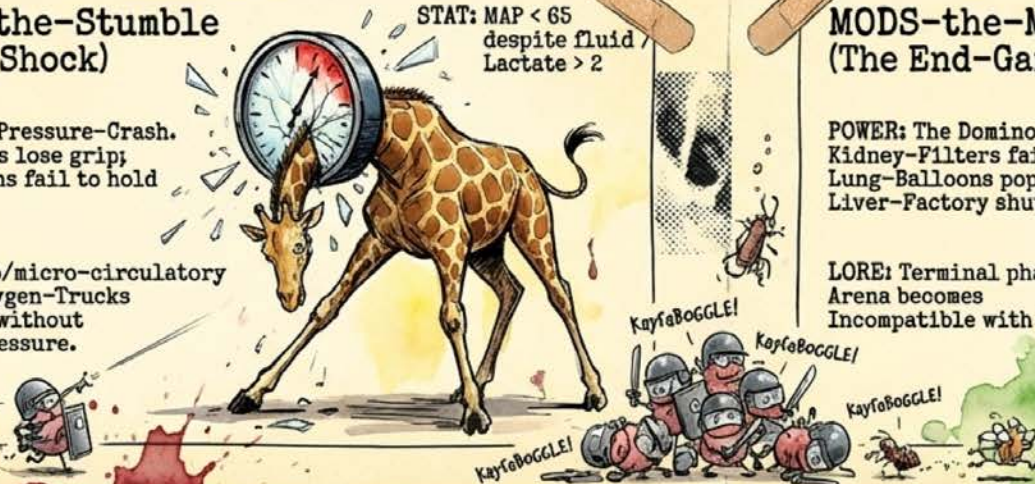

Shock-the-Stumble (Septic Shock)

POWER: The Pressure-Crash.
Vessel-Pipes lose grip;
Fluid-Tokens fail to hold
pressure.

LORE: Macro/micro-circulatory
failure. Oxygen-Trucks
can't drive without
Highway-Pressure.

STAT: MAP < 65
despite fluid /
Lactate > 2

MODS-the-Multi-Fail (The End-Game)

POWER: The Domino-Effect.
Kidney-Filters fail,
Lung-Balloons pop,
Liver-Factory shuts down.

LORE: Terminal phase.
Arena becomes
Incompatible with Life.

STAT: SOFA /
Failure of 2+
organ systems

Stage-A-the-Risk (Pre-Heart Failure)

STAT: HTN, CAD, Diabetes
(No structural damage)

POWER: The Looming-Shadow.
Enemies gather at the gates
for the Remodelling-Riot.

LORE: Prevention phase.
Deploy Lisino-the-Pril to
stop the Timeline before
it starts.

Decompensat-the-Flood (Acute Exacerbation)

STAT: Dyspnea / JVD / S3
/ Flash Edema

POWER: The Fluid-Backlog.
Return-Flow overflows the pump;
Leg-Puddles and Lung-Balloons fill.

LORE: Frank-Starling-Limit
reached. Pushing engine causes
pure Back-Pressure.

Remodel-the-Rebuilder (Structural Change)

STAT: LVH (Hypertrophy)
/ Dilation / Reduced EF

POWER: The Shape-Shift.
Heart thickens or stretches
to handle High-Pressure.

LORE: Sarcomere-Soldiers
added in parallel/series.
Engine-Architecture is
compromised.

Terminal-the-Pump-Failure (End-Stage)

STAT: EF < 20% /
Cardiorenal /
Cardiac Cachexia

POWER: The Final-Sputter.
Engine is too scarred to flicker.
Pressor-Pumps fail.

LORE: Requires Transplant-
Trade or Mechanical-Pump-
VAD to continue the match.

TIA-the-Ghost-Stroke (The Near-Miss)

STAT:
Symptoms
resolve < 24 hrs
(Usually < 1 hr)

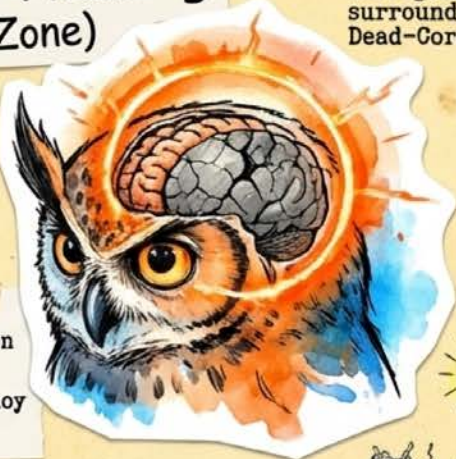

POWER: The Near-Miss.
Clot-Monster blocks a pipe, then
dissolves. A Warning-Match.

LORE: Transient ischemia without
Ira-the-Irreversible damage. Best
chance to prevent a Stroke-Stall.

Call
Doc
Frizzle!

Penumbra-the-Pleading (The Survival-Zone)

STAT:
Salvageable tissue
surrounding
Dead-Core

POWER: The Rescue-Target.
The Penumbra pleads for oxygen
while the core dies.

LORE: The Tipping-Point. Deploy
Alteplase-the-Clot-Melt NOW
to save this zone.

Call
Doc
Frizzle!

Time-is-Brain (The Loss-Rate)

STAT: 1.9 million
neurons lost per
minute

POWER: The Rapid-Eraser.
Every minute deletes a
thousand playbook tokens.

LORE: Hyper-Acute neuro-time.
There is no Wait-and-See in
the Brain-Bunker.

Call
Doc
Frizzle!

Post-Stroke-the-Rebuild (Functional Recovery)

STAT: Weeks to months
/ Neuroplasticity / PT

POWER: The Long-Repair.
Rewiring Brain-Cables to
bypass Ira-the-Scar zones.

LORE: The damage is permanent,
but the Arena adapts to work
around it.

Call
Doc
Frizzle!

Dysplas-the-Doubt (Pre-Cancer)

STAT: Cellular atypia /
No invasion

POWER: The Rumour-of-Rebellion.
Cells ignore the Manuals but remain
in the Basement-Membrane-Fortress.

LORE: Pre-Malignant-Window.
The optimal strike time
for the Blade-Brigade.

Doubling-the-Time (Growth Velocity)

STAT: Time for Tumor-Mass
to 2x its size

POWER: The Exponential-Threat.
A Fast-Clock tumor outpaces a
Slow-Clock elder.

LORE: Mitotic-Rate.
Burkitt-the-Swift doubles in
24 hours; others take months.

Remission-the-Retreat (The Cease-Fire)

STAT: No visible tumor /
Normal Stat-Markers

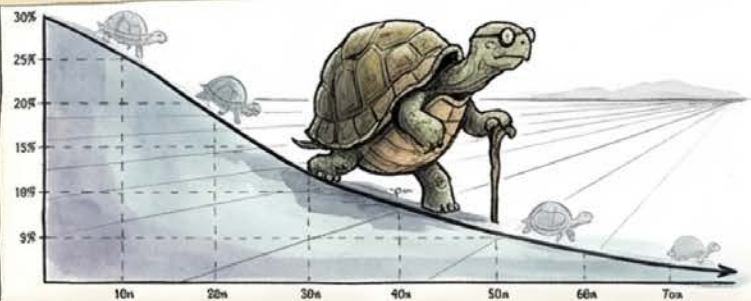

POWER: The Cease-Fire.
Chemo-Artillery forces
Max-Malignant to hide.

LORE: Not a Cure.
A Timeline Pause to rebuild the
Health-Bar while Eneay-Code lurks.

Surviv-the-Curve (Kaplan-Meier)

STAT: 5-year survival rate /
Median survival

POWER: The Odds-of-the-End.
The Probability-Story based
on thousands of previous matches.

LORE: Population-level
Time-Dynamics for Attending-
Coach Long-Term-Strategy.

Inflam-the-First-Phase (Acute Healing)

STAT: Days 1-3 /
Neutrophils & Platelets

POWER: The Clean-Up-Crew.
Stops the bleeding and
Burns-the-Trash
(Bacteria).

LORE: Hemostasis &
Inflammation. The
arena must be sanitized
before Rebuilders enter.

Stay
fluffy!

Prolifer-the-Builder (Granulation)

STAT: Days 3-21 /
Fibroblasts & Angiogenesis

POWER: The Reconstruction.
Piona-the-Fibroblast
installs New-Pipes and
Tissue-Carpets.

LORE: Granulation-Tissue.
A Temporary-Patch: soft,
red, and highly vascular.

Stay
fluffy!

Remodel-the-Final-Touch (Maturation)

STAT: 3 weeks to 1 year /
Collagen cross-linking

POWER: The Strengthening.
Temporary-Patch replaced
by Strong-Collagen-Armor.

LORE: Type III collagen
replaced by Type I. Gains
80% original strength,
never 100%.

Stay
fluffy!

Chronic-the-Non-Healer (Chronic Wound)

STAT: > 3 months /
Stuck in Inflammatory phase

POWER: The Endless-Repair.
Clean-Up-Crew stays too
long; Builders never finish.

LORE: Low-Perfusion-Flow
or Sugar-Glitch-Diabetes
causes a Looped Timeline.

Stay
fluffy!

Prophylax-the-Pre-Empt (Prevention)

STAT: Before Invasion /
Vaccines, Pre-op Abx

POWER: The Future-Shield.
Played before the Timeline starts
to prevent the First-Strike.

LORE: The ultimate Cheat-Code
that stops the match before
the bell rings.

KayfaBIZARRO!

Window-the-Opportunity (The Sweet Spot)

STAT: Between Diagnosis
and Ira-the-Irreversible

POWER: The Tactical-Strike.
The highest Value-Token return
for the Intervention-Move.

LORE: Early-Intervention turns
a Chronic-Chris future into a
Rita-the-Reversible win.

Late-the-Rescue (Salvage Therapy)

STAT: Post Sweet-Spot

POWER: The Hail-Mary.
Trying to save the Wrestler-
Frame after Major-Damage
occurred.

LORE: Too-Little-Too-Late.
Goal shifts to Damage-
Control, not Cure.

Futile-the-Final-Bell (Comfort Care)

STAT: Intervention doesn't
change Timeline

POWER: The Stop-Order.
More Treatment-Cards only
cause Pain-Tokens without
helping.

LORE: Recognizing the
Timeline has reached its
Natural-End.

KayfaBIZARRO!

Loading-the-Dose (The Jumpstart)

STAT: Immediate Steady-State
Large initial dose

POWER: The Instant-Level.
Pours a bucket to start the fight
NOW, bypassing slow accumulation.

LORE: Used for Vanco-the-Vault or Digo-the-Fox.

Steady-State-the-Balance (Consistent Power)

STAT: 4-5 Half-lives
/ Input = Output

POWER: The Consistent-Power. Stable
blood-levels provide constant support.

LORE: The Equilibrium Timeline-Goal for
chronic meds like Sertrali-the-Mood-Lifter.

Half-Life-the-Fader (The Disappearing-Act)

STAT: Time for
concentration to drop 50%

POWER: The Disappearing-Act. Dictates
when the Buff/Shield must be Refreshed.

LORE: Determines Dosing-Frequency.
Fast Faders need pills every few hours.

Trough-the-Bottom (Safety Check)

STAT: Level measured
right before Next-Dose

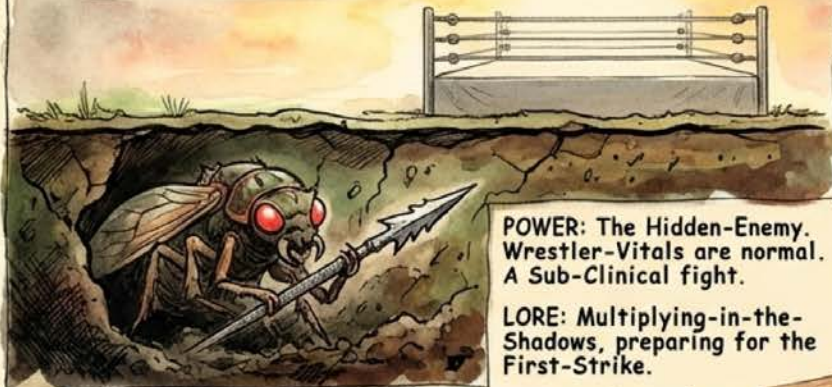

POWER: The Toxicity-Watch.
Checking the Tank-Bottom to prevent
poisoning the Kidney-Filters.

LORE: Ensures the Chemical-Ally stays
in the Therapeutic-Window.

Incubat-the-Silent (Incubation Period)

STAT: Time from Invasion
to First-Symptom

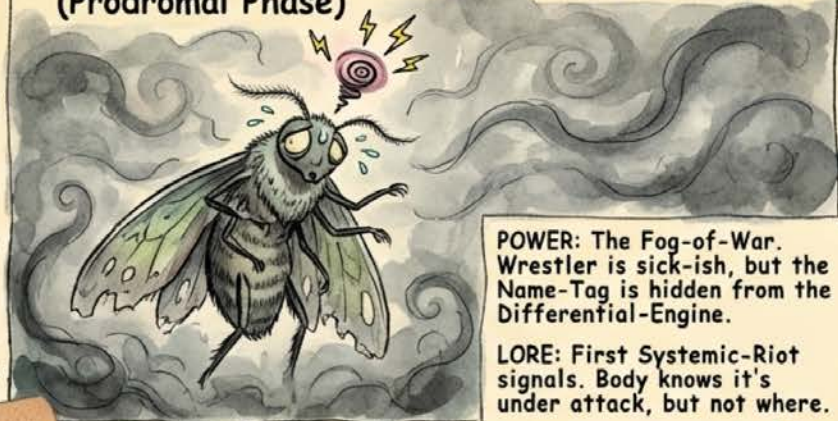

POWER: The Hidden-Enemy. Wrestler-Vitals are normal. A Sub-Clinical fight.

LORE: Multiplying-in-the-Shadows, preparing for the First-Strike.

Prodrom-the-Vague (Prodromal Phase)

STAT: Aches & Pains /
Non-specific symptoms

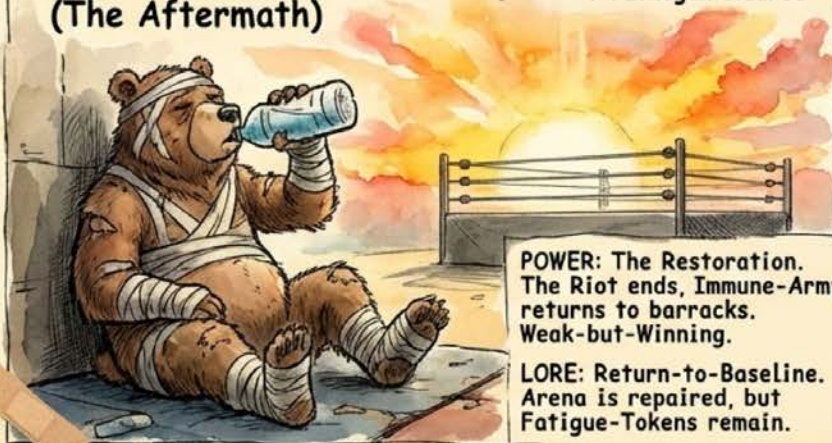

POWER: The Fog-of-War. Wrestler is sick-ish, but the Name-Tag is hidden from the Differential-Engine.

LORE: First Systemic-Riot signals. Body knows it's under attack, but not where.

Convalesc-the-Recovery (The Aftermath)

STAT: Symptoms resolving
/ Pathogen cleared

POWER: The Restoration. The Riot ends, Immune-Army returns to barracks. Weak-but-Winning.

LORE: Return-to-Baseline. Arena is repaired, but Fatigue-Tokens remain.

Carrier-the-Chronic (The Hidden-Threat)

STAT: No symptoms,
spreading enemy
(Hep B, Typhoid)

POWER: The Secret-Spreader. Kept the Pathogen-Punk as a pet to infect others.

LORE: Persistent colonization. The Timeline doesn't end; It goes Underground.

Senescen-the-Slow-Down (Biological Aging)

STAT: Biological aging /
DNA Typo-Glitches

POWER: The Natural-Pading. Wrestler-Frame becomes Less-Rita-Reversible. Clean-Up-Crew slows down.

LORE: DNA Manuals accumulate Typo-Glitches the Fixer-Squad can't repair.

Degenerat-the-Wear-and-Tear (Erosion)

STAT: Chronic use /
Osteoarthritis /
Spinal Stenosis

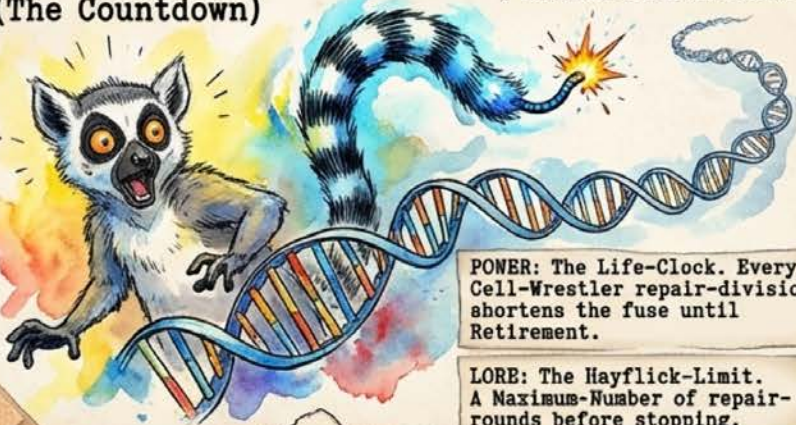

POWER: The Erosion. Joint-Padding and Bone-Gears grind down after thousands of matches.

LORE: Mechanical failure over the Long-Timeline. The Arena-Floor wears out.

Telomere-the-Fuse (The Countdown)

STAT: Protective DNA caps /
Shorten with division

POWER: The Life-Clock. Every Cell-Wrestler repair-division shortens the fuse until Retirement.

LORE: The Hayflick-Limit. A Maximum-Number of repair-rounds before stopping.

Accumulat-the-Toxin (Storage Diseases)

STAT: Lifetime exposure
(Amyloid, Lipofuscin)

POWER: The Junk-Build-Up. Arena-Closets fill with Metabolic-Zrash that Macro-Naggie can't eat.

LORE: Intracellular Clutter blocks the cell's ability to Perform-its-Moves.

The Map (What-Happened-When)

STAT: Chronological history
/ Symptom timeline

POWER: The Story-BUILDER.
Maps the Sequence-of-Events to
identify the Antagonist's-Pattern.

LORE: History is 90% of
Diagnosis. Time provides Logic-
Flow that static labs miss.

The Radar (Rate-of-Change)

STAT: Velocity of symptoms
/ Delta-vitals

POWER: The Urgency-Scanner.
Distinguishes Hank-the-
Hyper-Acute speed from
Sarah-the-Sub-Acute speed.

LORE: Crucial for separating
Chronic-Stable from
Acute-on-Chronic-Crisis.

The Watch (Window-of-Intervention)

STAT: Door-to-Needle
/ Antibiotic-in-First-Hour

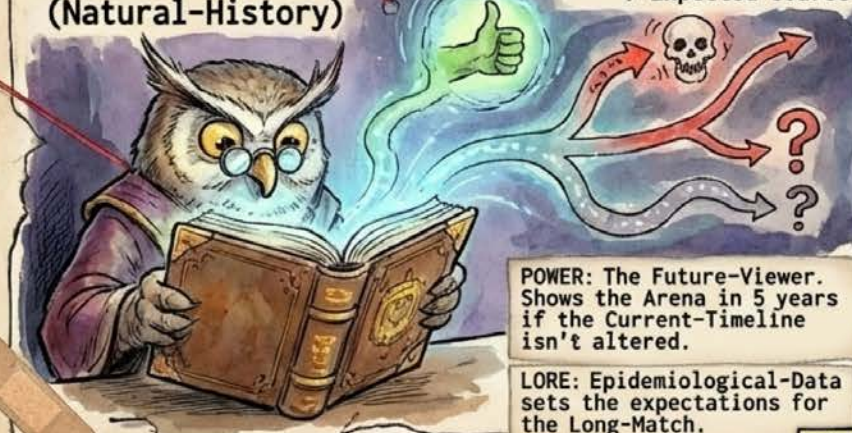

POWER: The Deadline-Enforcer.
Alerts when the Sweet-Spot
for an Intervention-Move
is closing.

LORE: Monitors System-
Performance against the
Biological-Clock.

The Almanac (Natural-History)

STAT: Prognostic data
/ Expected course

POWER: The Future-Viewer.
Shows the Arena in 5 years
if the Current-Timeline
isn't altered.

LORE: Epidemiological-Data
sets the expectations for
the Long-Match.

Acute-on-Chronic-Surprise

STAT: Sudden worsening of long-term problem

POWER: The Double-Assault. Hank-the-Hyper-Acute helps Chris-the-Chronic cause a Total-System-Crash.

LORE: A new Insult (Infection/Toxin) to an already Exhausted-Arena.

Relapse-the-Return (The Recurrence)

STAT: Symptoms returning post-Remission

POWER: The Second-Round. The Enemy stops Hiding-in-the-Shadows for a Rematch.

LORE: Failure of Total-Bradication. The Timeline loops violently back to the Acute-Phase.

Episodic-the-Flicker

STAT: Paroxysmal symptoms (Migraines, Asthma)

POWER: The On-Off-Switch. 100% fine, then 100% sick. A series of Mini-Matches.

LORE: Intermittent-Failure. System is stable until a Trigger-Event causes a temporary crash.

Fulminant-the-Rocket (The Final-Sprint)

STAT: Symptom-Zero to Total-Failure < 48 hours

POWER: The System-Meltdown. The fastest Timeline. Liver-Factory collapses before Diagnostic-Cards can be played.

LORE: Extreme virulence; zero host resistance. A Sprint-to-the-End.

Doc FrizzleBob (The Temporal Attending)

STAT: Master of the
Watch / Orchestrator

POWER: The
Chrono-Coach.

Demands: When
did it start?
How fast is it
moving?

LORE: Don't just
treat the state;
treat the rate!
Stay fluffy!

Quest 1 (The Sepsis Sprint)

STAT: SIRS (Temp 39) ->
Shock (BP 80/40) in 3hrs

POWER: Identify
Timeline Position.

LORE: Deploy the
Golden-Hour-Gabe
rescue before
MODS-the-Multi-Fail
wins the match!

Quest 2 (The Remodelling Riddle)

STAT: 10yr Chronic BP
-> Acute Lung Flood

POWER: Explain
Engine Failure.

LORE: Has the
Window-of-
Intervention for
Lisino-the-Pril
already
permanently
passed?

Quest 3 (The Ghost Warning)

STAT: 20min TIA resolved.
Wrestler feels 100%.

POWER: Use
Nomogram-Math.

LORE: Convince the
wrestler that
Ira-the-Irreversible
is lurking and the
Time-is-Brain clock
is ticking!
