The Renal Reservoir
Pressure, Pipes, and
the Pelvic Vault

KayfaBIZARRO!

**Call Doc
Frizzle!**

Master the flow, control
the pressure. Stay fluffy!

BPH-the-Gatekeeper (Benign Prostatic Hyperplasia)

STAT block

PSA < 4
IPSS Score
Transition Zone

POWER: The Exit-Squeeze. Grows in Transition-Alley, narrowing the Urethra-Tunnel.
LORE: Driven by DHT. Stromal/epithelial cells multiply into a mechanical barrier causing Frequency-Frenzy.

Hydro-the-High-Pressure (Hydronephrosis)

STAT block

Grade 1-4 dilation
Renal Pelvis expansion
Rising Creatinine

POWER: The Back-Flow-Hammer. Downstream blocked → fluid crushes Filter-Gears.
LORE: Obstructive Uropathy. Renal-Pelvis pressure exceeds Glomerular-Filtration-Force, halting urine production.

Stone-the-Stunner (Nephrolithiasis)

STAT block

Ca-Oxalate (75%)
Staghorn
Nen-contrast CT

POWER: The Tunnel-Block. Triggers Peristalsis-Panic and the Colic-Scream.
LORE: Formed by Solute-Saturation when Fluid-Tokens are low. Deadliest at the UVJ-Border-Crossing.

Stricture-the-Scar (Urethral Stricture)

STAT block

Retrograde
Urethrogram (RUG)
History of trauma

POWER: The Narrowing-Trap. Turns a Highway into a Thread-Thin-Path.
LORE: Spongio-Fibrosis creates a permanent, non-elastic bottleneck following a Surgical-Scuff.

BLÖDSINN!

TCC-the-Surface-Crawler (Bladder Cancer)

STAT block

Transitional Cell
Painless Hematuria
Smoking

POWER: The Red-Mist. Grows on the Bladder-Wallpaper, causing the Blood-Leak.
LORE: The Field-Effect. Entire lining is threatened because Chemical-Vandals touched every inch.

RCC-the-Fortress-Breaker (Renal Cell Carcinoma)

STAT block

Clear Cell (80%)
Triad: Hematuria, Pain,
Mass / 3p Deletion

POWER: The VHL-Vandal. Builds its own Blood-Pipe-Network to break into the Renal-Vein-River.
LORE: Linked to VHL-Blueprint-Glitch.
Creates Erythropoietin-Sparks (Paraneoplastic).

Adeno-the-Hard-Nodule (Prostate Cancer)

STAT block

PSA > 4
Gleason Score (6-10)
Peripheral Zone

POWER: The Silent-Grower. Starts in the Outer-Plains. Doesn't block flow until massive.
LORE: Androgen-dependent. Exploits the Testosterone-Signal to breach the Prostate-Capsule.

Wilms-the-Kidney-Wrestler (Nephroblastoma)

STAT block

Pediatric
WT1 mutation
Smooth, firm mass

POWER: The Youth-Invasion. Takes over the Kidney-Arena in Childhood-Knights.
LORE: Blastema-Cells fail to mature into Filter-Gears.
They multiply wildly in Warrior-Form.

KayfaBONGO!

Torsion-the-Twister (Testicular Torsion)

6-hr window
Absent Cremasteric
Reflex / Reg Prehn

POWER: The Blood-Choke. The Spermatic-Cord twists, cutting off the Arterial-Flow.
LORE: The Bell-Clapper-Deformity. Unanchored testis spins freely, trapping its own pipes.

Varico-the-Bag-of-Worms (Varicocele)

Left side (90%)
Infertility risk
Pampiniform
dilation

POWER: The Heat-Trap. Vein-Valves fail → blood pools → raises Arena-Temperature.
LORE: The Nutcracker-Effect. Left-Renal-Vein gets squeezed, causing back-pressure into the scrotum.

Diagnosis?!

Semin-the-Germ-Giant (Testicular Cancer)

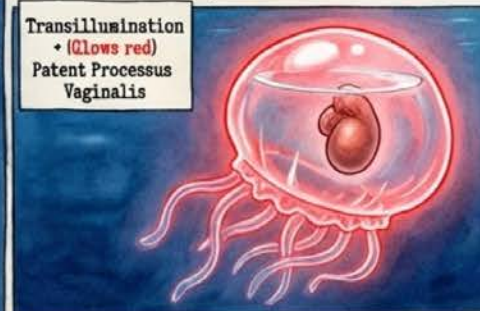

15-35 age
APG negative
hCG may be high

POWER: The Rapid-Replacement. A painless mass replaces normal tissue with an Armor-Block.
LORE: A germ-cell riot. Highly Radiation-Sensitive — melts when hit by the Roentgen-Ray.

Hydro-the-Water-Sac (Hydrocele)

Transillumination
• (Glow red)
Patent Processus
Vaginalis

POWER: The Fluid-Buffer. Scrotum fills with clear fluid; organ feels Weightless-and-Soft.
LORE: Abdominal-Gateway falls to close after descent, leaking Peritoneal-Water.

Cysti-the-Bladder-Burn (Cystitis)

STAT block
E. coli (80%)
Nitrites positive
LeukEsterase positive

POWER: The Wall-Irritant. Colonize the Bladder-Lining, triggering the Urgency-Sting.
LORE: Short Urethra-Tunnels aid access. Pili-Hooks resist the Urine-Washout.

HUMBUG!

Prosta-the-Deep-Ache (Prostatitis)

STAT block
Boggy prostate
High fever
Pelvic pain

POWER: The Glandular-Glow. Swollen Prostate-Gate makes every Fluid-Esit a painful battle.
LORE: A Bacterial-Sanctuary. Hard for Antibiotic-Artillery to penetrate the Prostate-Armor.

Pyelo-the-Fortress-Siege (Pyelonephritis)

STAT block
Fever
CVA Tenderness
WBC Casts

POWER: The High-Invasion. Travels up the Ureter-Tunnels to cause Systemic-Shock.
LORE: Ascending infection. Neutrophil-Riot in the Renal-Parenchyma leaves Scar-Ruins.

Fournier-the-Grit-Destroyer (Gangrene)

STAT block
Necrotizing Fasciitis
Crepitus
Surgical Emergency

POWER: The Flesh-Melt. A Bacterial-Fire-Storm eats the Perineal-Armor in hours.
LORE: Polymicrobial sabotage. Toxin-Gas creates bubbles under skin, killing Blood-Supply-Roads.

Urge-the-Impulse (Urge Incontinence)

STAT:
Detrusor overactivity
Overactive Bladder (CAB)

POWER: The Premature-Squeeze. Soasms without warning before reaching the Sanitary-Zone.
LORE: A Neuro-Misfire. Nerves shout "EMPTY NOW!" even when the Reservoir is low.

Stress-the-Leak (Stress Incontinence)

STAT:
Pelvic floor weakness
Leaks with cough/sneeze

POWER: The Valve-Fail. High Abdominal-Pressure overwhelms the unsupported Sphincter-Gate.
LORE: Mechanical-Support is gone, often following Childbirth-Brawls or Pelvic-Surgery.

Overflow-the-Drip

STAT: High Post-Void Residual (PVR)
Bladder distension

POWER: The Reservoir-Burst. Overfilled with Static-Fluid; forced to Leak-at-the-Edges.
LORE: Obstructive or Atonic. The Bladder-Wall is stretched so thin it loses all Squeeze-to-Victory power.

Neuro-the-Silent-Bladder (Neurogenic)

STAT: Spinal cord injury
Detrusor-Sphincter Dyssynergia

POWER: The Disconnect. The Brain-Bunker and Bladder-Fortress stop speaking.
LORE: Loss of Pontine-Micturition-Center signal. High danger if Squeeze and Gate fire simultaneously.

What the
FLUFF?!

TURP-the-Tunnel-Clearer (Resection)

STAT:
Transurethral Resection
The Gold Standard

POWER: The Inner-Melt. Carves away the Gatekeeper-Gland from the inside out.
LORE: Creates a Wide-Open-Funnel to fully re-open the Urethra-Highway.

Foley-the-Drain-Master (Catheter)

STAT:
14-18 French
Balloon-Anchor
Sterile placement

POWER: The Bypass-Pipe. Slips past the Obstruction-Outlaws to empty the Reservoir.
LORE: Inflatable-Water-Balloon keeps it inside. Essential for Acute-Retention-Crises.

ESWL-the-Wave-Smasher (Lithotripsy)

STAT: Extracorporeal Shock Wave
Cavitation bubbles

POWER: The Sonic-Hammer. Sound-Bursts smash the Stone-Stunner into Sand-Dust.
LORE: Focuses acoustic energy at the Focal Zone to shatter the crystal lattice.

Stent-the-Bridge-Builder (Ureteral Stent)

STAT: Double-J Stent
Kidney to Bladder

POWER: The Tunnel-Prop. Keeps the Ureter-Highway open through swollen walls.
LORE: Curl-at-Both-Ends (Double-J) prevents slipping into the Bladder-Basin or Kidney-Vault.

Pheo-the-Pressure-Spike (Pheochromocytoma)

STAT:
10% Tumor (bilat/malig)
VMA & Metanephrines

POWER: The Adrenaline-Flood. Sprays Combat-Hormones causing The-Pounding-Heart.
LORE: Chromaffin cell riot. Palpating-the-Flank can trigger the Hormone-Grenade.

Polycyst-the-Grape-Kidney (ADPKD)

STAT: Autosomal Dominant / PKD1 & 2
Berry Aneurysms

POWER: The Fortress-Expansion. Morphs into a massive Cluster-of-Water-Balloons, destroying functional filters.
LORE: Genetic Source-Code-Glitch. Tube Cilia-Sensors fail, causing them to balloon.

Conn-the-Salt-Sucker (Hyperaldosteronism)

STAT:
High Aldosterone
Low Renin
Low Potassium

POWER: The Fluid-Hoarder. Forces filters to Keep-the-Salt and Dump-the-Potassium.
LORE: Adrenal adenoma. Bypasses the Renin-Feedback-Loop, acting as a rogue Pressure-Engine.

Nephro-the-Protein-Leak (Nephrotic Syndrome)

STAT: Proteinuria > 3.5g / Low Albumin
Edema-the-Swelling

POWER: The Filter-Hole. The Kidney-Mesh (Podocytes) is torn, leaking the Albumin-Shields.
LORE: Loss of the Negative-Charge-Barrier. Water leaks into Leg-Puddles and Eye-Bags.

KayfaBOGGLE!

Tamsu-the-Flow-Opener (Alpha-Blocker)

STAT:
Tamsulosin
Selective for Alpha-1A

POWER: The Muscle-Melt. Relaxes the Smooth-Muscle-Grip of the Prostate-Gate.
LORE: Doesn't shrink the gland; just Relaxes-the-Clench. Risk of Retrograde-Splash.

Finast-the-Shrinker (5-Alpha-Reductase Inhibitor)

STAT:
Finasteride
6-month delay
Drops PSA by 50%

POWER: The Hormone-Starve. Cuts off DHT-Fuel, causing the gland to Wither-and-Shrink.
LORE: Blocks Test->DHT conversion. Slowly alters the Volume-of-the-Obstacle.

Oxybu-the-Bladder-Calmer (Anticholinergic)

STAT: Oxybutynin
M3-receptor antagonist

POWER: The Spasm-Mute. Silences the Hyper-Active-Muscle to stop Urge-the-Impulse.
LORE: Blocks the Acetylcholine-Signal. Triggers The-Dry-Mouth and The-Blurred-Vision.

Mirab-the-Beta-Booster (Beta-3 Agonist)

STAT: Mirabegron
No dry mouth

POWER: The Reservoir-Expander. Relaxes the bladder during the Filling-Phase.
LORE: Mimics Sympathetic-Relaxation. A cleaner move for those avoiding Anticholinergic-Fog.

Priap-the-Frozen-Flow (Priapism)

STAT:
> 4 hours
Ischemic vs. Non-ischemic

POWER: The Stagnant-Trap. Blood enters the Erectile-Arena but cannot leave.
LORE: Compartment-Syndrome. Break with Phenylephrine-Aspiration-Needle to prevent Irs-the-Scar.

Paraphim-the-Constrictor

STAT:
Trapped foreskin
Edema-the-Swelling

POWER: The Ring-Choke. The retracted Skin-Collar acts as a deadly Tourniquet.
LORE: Mechanical trap blocking Lymphatic-and-Venous-Return, fueling a vicious swelling cycle.

Fragil-the-Fracture (Penile Fracture)

STAT: Eggplant deformity
Audible Snap

POWER: The Wall-Burst. Tunica-Albuginea armor rips; blood floods the Scrotal-Plains.
LORE: Caused by bending force on the Erect-Pillar. A true Surgical-Repair-Emergency.

Sepsis-the-Uro-Storm (Urosepsis)

STAT: Obstruction + Infection
Fever + Low Pressure

POWER: The Toxic-Overflow. Blocked + Infected = bacteria forced into blood at high pressure.
LORE: The most lethal match. Must Drain-the-Fortress to stop the Storm.

Call Doc Frizzle!

Glomerulo-the-Red-Riot (Nephritic Syndrome)

STAT:
Hematuria (Cola)
Hypertension / RBC Casts

POWER: The Inflammatory-Clog. Immune-Army attacks Filter-Gears, causing bleeding & pressure spikes.
LORE: Follows Strep-Infection-Brawl. Membrane damaged by Immune-Complex-Shrapnel.

Interstiti-the-Drug-Rash (AIN)

STAT: Eosinophils / Fever + Rash
Penicillin trigger

POWER: The Allergic-Kidney. The Spaces-Between become an allergic Battle-Zone.
LORE: Acute Interstitial Nephritis. Kidney Is collateral damage in a Drug-Hypersensitivity-Riot.

Tubular-the-Melt (ATN)

STAT:
Muddy brown casts
Low Oxygen or Toxin-Touch

POWER: The Engine-Failure. Urine-processing tubes Melt and shed dead cells into the Drain-Pipe.
LORE: Acute Tubular Necrosis. Leading cause of Sudden-Kidney-Halt in the ICU-Arena.

Stenosis-the-Pipe-Kink (Renal Artery Stenosis)

STAT: Flank Bruit / Flash Pulm.
Edema / High Renin

POWER: The Starvation-Signal. Narrowed inflow makes kidney think the Arena-is-Dry, screaming for Renin.
LORE: Causes Renovascular Hypertension. Pressure sensor is violently fooled.

VUR-the-Wrong-Way (Reflux)

STAT: VCUG / Recurrent UTIs

POWER: The Gravity-Defier.
Weak valve lets urine
Splash-Back-Up to the
kidney.

LORE: Vesicoureteral Reflux.
Illegal-Backflow carries
Bacteria-Punks directly to
the Kidney-Fortress.

PUV-the-Exit-Wall (Posterior Urethral Valves)

STAT: Boys only / Bilat Hydro / Keyhole-sign

POWER: The Birth-Block.
Skin-Flap blocks exit
from day one, causing
Total-System-Backup.

LORE: Top cause of newborn
kidney failure. Bladder
thickens trying to push
past the wall.

Hypospad-the-Misfired-Exit

STAT: Underside opening / No circumcision until fixed!

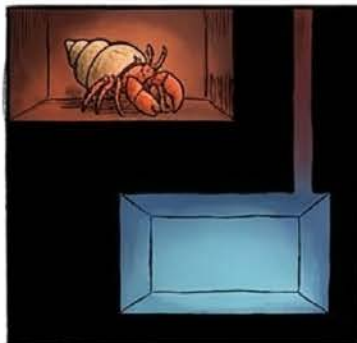

POWER: The Short-Tunnel.
The Exit-Pipe opens along
the Bottom-Shaft.

LORE: Urogenital-Folds
failed to Zip-up during the
Creation-Phase.

Cryptorch-the-Hidden-Knight (Undescended)

STAT: Empty scrotum / Infertility & Seminoma risk

POWER: The Womb-Stayer.
Fails to navigate the
Inguinal-Tunnel, remaining
in the Abdominal-Heat-Zone.

LORE: Requires the
Orchiopexy-Fix before
age 1 to bring him to the
Cool-Scrotal-Arena.

KayfaBINGO!

GW Georg v. Westphalen

BCG-the-Immune-Fire (Treatment)

STAT:
Intravesical BCG /
Attenuated T8

POWER: The Controlled-Riot. Pours Tamed-Bacteria into the basin to trigger a Massive-Immune-Fire.
LORE: Macrophage-Maggie cleaners hunt the BCG and Accidentally destroy the TCC-Crawler.

Robot-the-Precise (Da Vinci Surgery)

STAT:
Robotic-Assisted
Laparoscopic Prostatectomy

POWER: The Nerve-Spare. Enters the Pelvic-Vault through tiny holes to remove the Miner.
LORE: 3D-Vision and Endo-Wrist precision saves the Erection-Nerves in the Deep-Dark-Basin.

Docet-the-Taxane-Hammer (Chemo)

STAT: Castration-Resistant Prostate Cancer (CRPC)

POWER: The Mitosis-Stop. Freezes-the-Cell-Skeleton so testosterone-independent cancer can't divide.
LORE: Microtubule stabilizer. Locks the Cancer-Cells in permanent Ice-Stasis.

Radium-the-Bone-Seeker (Xofigo)

STAT: Alpha-emitter /
Bone Metastases

POWER: The Internal-Sniper. A Radioactive-Calcium-Mimic targets the Bone-Scars.
LORE: Targeted Alpha Therapy. Short-range blasts kill the Tumor-Punks without hurting the Marrow-Knights.

Scope-the-Eye-in-the-Pipe (Cystoscopy)

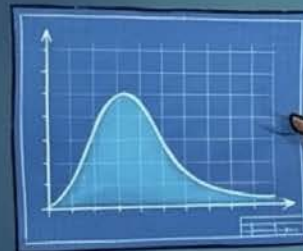

STAT:
Rigid vs. Flexible
Office procedure

POWER: The Direct-Witness. The Camera-Snake confronts TCC or Stone-the-Stunner face-to-face.
LORE: The Gold-Standard for Bladder Secrets. Allows a Biopsy-Bite to confirm the Antagonist.

Flow-the-Speed-Gage (Uroflowmetry)

STAT:
Qmax (Peak flow)
Voiding volume

POWER: The Stream-Judge. Tells if the Fluid-Tokens are leaving fast enough.
LORE: A functional Plumbing-Test. A weak stream means BPH-the-Gatekeeper is winning.

PVR-the-Residual-Scanner

STAT: Bladder Ultrasound
Post-Void Residual

POWER: The Left-Behind-Checker. Scans the Reservoir after a pee.
LORE: > 100ml is a Red-Flag-Signal for Overflow-the-Drip or Obstruction.

Creati-the-Filter-Friend (Creatinine)

STAT: Normal 0.7-1.3 mg/dL
GFR estimate

POWER: The Waste-Counter. Trash-Tokens build up in the blood as filters fall.
LORE: A Lagging-Indicator. High Creati means the Kidney-Fortress has been under siege for a while.

Quest 1: The Screaming Stone

LORE: 10/10 flank pain, vomiting, RBCs in urine.

Stone-the-Stunner

ESWL-the-Wave-Smasher

VUR-the-Wrong-Way

Quest 3: The Red-Reflux-Riot

LORE: 3rd Pyelo-Fortress-Siege. Bilateral Hydro.

VUR-the-Wrong-Way

Scope-the-Eye

Quest 2: The Blocked Gate

LORE: Older wrestler, absolute retention, painful reservoir, history of weak stream.

BPH-the-Gatekeeper

Foley-the-Drain-Master

Doc FrizzleBob (The Attending)

STAT block: Board Certified
LORE: Is the pressure rising? Is the stone moving? Check the PSA, check the flow, and never forget the digital exam! Stay fluffy!

MedKayfab:
Stay fluffy — and protect the pipes!
